NO. 177—EIGHTY-FOURTH YEAR VICTORIA, BRITISH COLUMBIA, WEDNESDAY, JULY 8, 1942 FOURTEEN PAGES

FRONT BENT BACK BY PRESSURE OF ALLIES

Southern Flank of Axis Gives Ground to Form Arc of Defence to Seashore—Battle of El Alamein Dies Down—Ground Forces Have to Rest

CAIRO, July 7 (AP).—The Axis front in the Qattara-Mediterranean Corridor was bent back on the southern flank under Allied pressure today, while the weary ground forces left it to the cannoneers to keep the battle alive in the 120-degree desert heat and to Allied air forces striking deep on the enemy supply lines.

The tactical nature of the new Axis position was not entirely clear, but it was surmised that Field Marshal Erwin Rommel had pulled his harried southern forces back to the westward to form a great arc of defence extending from his left flank on the seashore.

The net result was that the front facing squarely to the east had been somewhat shortened and curved to prevent British tanks from cutting into Rommel's rear as they did in saving El Alamein last week in the first phase of the battle to save Alexandria, some seventy miles distant.

MAKE DRIVE ON THE BUND

Federal Agents Working to Put Organization Out of Business

NEW YORK, July 7 (AP).—Federal agents launched a coast-to-coast drive today to put the German-American Bund "out of business."

A legal attack was aimed at fifty-four of the bund's highest officers, including Fritz Kuhn, former national bund leader now in prison and his successor, Wilhelm Kuntze, arrested in Mexico and returned to the United States yesterday.

It reached into the States of New York, New Jersey, Pennsylvania, Illinois, Minnesota, Indiana, Washington and California.

CALL-UP AGES ARE EXTENDED

Six Years Added to Limit for Compulsory Service in Canada

OTTAWA, July 7 (CP).—A six-year extension in call-up ages has been put into effect under a proclamation tabled in the House of Commons today by War Services Minister Thorson which makes single men and childless widowers twenty to forty years old, inclusive, subject to compulsory military service in Canada and its territorial waters.

All men born in the years 1902 to 1922 who were single or widowers without children July 15, 1940, are liable for call, Mr. Thorson said, but those born in 1922 will not be called until they reach the age of twenty.

TEN THOUSAND PUT TO DEATH

Army of Nazi Soldiers and Secret Police in Czechoslovakia

ANKARA, July 6 (Delayed) (AP).—Ten thousand Czechs have been killed since Reinhard Heydrich was assassinated in Prague early in June and 25,000 German soldiers, assisted by 100,000 secret police are working night and day to halt sabotage inside Czechoslovakia, a German arrival told German residents here today.

Germany is sending thousands of workers and establishing many new war factories in Czechoslovakia since the heavy British raids on German industrial towns, he said.

Sabotage in Czechoslovakia was reported constantly increasing as a result of wholesale executions and hands of marauders are operating from forests around Prague, it was stated.

Travelers reaching Turkey reported on their arrival here that hotels in Vienna and Prague have been taken over as hospitals for German wounded from the Russian front and convalescents have been ordered to remain inside as too many soldiers with disfigured faces and amputated limbs have shocked the public.

BOMBER WRECKED ON MOUNTAINSIDE

United States Army Machine Burns With Six Aboard Near Trenton in Georgia

TRENTON, Ga., July 7 (AP).—A four-engine bomber of the B-24 type crashed and burned on a mountainside two miles north of here today and Sheriff Grover Tatum, of De Kalb County, said all members of the crew were killed.

Six men were aboard, it was believed. The bodies, Sheriff Tatum said, were burned and mangled beyond recognition.

Natives of the mountainside section said the plane roared overhead during an electrical storm and the pilot apparently flew too low in an effort to improve visibility. The crash was more than a half-mile from the nearest road.

Fuel Outlook Not Alarming

VANCOUVER, July 7 (CP).—The Vancouver Trades and Labor Council's fuel committee has been assured by the Wartime Prices and Trade Board that "there is no need to be alarmed" over Vancouver's winter fuel outlook, Secretary Percy R. Bengough told a meeting of the council here tonight.

Although not as much sawdust is being cut due to mills selling more lumber, we are told that there need be no hardship this winter, he said.

U.S. Navy at Irish Base

British and American sailors are shown chumming up on the stern of one of the United States destroyers berthed at the new United States naval base in Londonderry. In background are two more United States destroyers. The base is said to be complete with every facility necessary for the servicing and repair of warships. It has been in commission since February.

Shipyard Worker Must Stay on Job

Order in Council Would Make it Illegal for Man to Quit

OTTAWA, July 7 (CP).—An order in council has been prepared making it an offence for any shipyard workers in British Columbia to refuse to work or quit work "in any shift to which he has been assigned" under the Government's plan for seven-day operation of West Coast shipyards.

The order also makes it an offence for any shipyard operator not to organize operations of his yard so that the work is carried on continuously throughout the week.

Tabled today in the House of Commons in a thick volume of orders in council passed in June, the order was passed on the recommendation of Labor Minister Mitchell, just one day before a delegation representing West Coast shipyard unions arrived in Ottawa to protest against Government action.

USING MEASURE OF PRECAUTION

Argentine Ships Ordered to Avoid Eastern Coast of United States

BUENOS AIRES, July 7 (AP).—The Argentine Naval Ministry has ordered all ships of the state merchant fleet to avoid the eastern coast of the United States in order to avoid the danger of being torpedoed by Axis submarines, it was learned on reliable authority tonight.

The Argentine ships will be permitted to call at Gulf of Mexico ports, however, a high source said. "This action does not signify acceptance of the blockade announced by Germany," this source added, "but is taken merely as a measure of precaution."

SIX DROWN WHEN CANOE OVERTURNS

Two Priests and Four Students Lose Lives in Boating Accident in Quebec

PERKINS MILLS, Que., July 7 (CP).—Six members of the French-speaking Oblates of Mary Immaculate—two priests and four students for the priesthood—were drowned in McGregor Lake, near this village, tonight when their canoe capsized during a windstorm.

The dead: Rev. Adrien Hamel, twenty-four, Quebec City; Rev. Antoine Lesage, twenty-five, Montreal; Brother Pierre Landreville, twenty-one, St. Paul, Alta.; Brother Rene Leclair, twenty-one, St. Adolphe, Man.; Brother Herve Richard, twenty-two, St. Thomas, Ontario; Brother Origene Chénier, twenty-two, Manitoba, Que.

All the victims were passengers in the same canoe. A seventh passenger, Rev. Pierre Francoeur, of Montreal, was rescued by other members of the order.

LOGGER DROWNS

HANEY, B.C., July 7 (CP).—George Sam, thirty-six, Chinese logger, was drowned and his wife and six-year-old child narrowly escaped a similar fate when he fell into twenty feet of water from a floating logging camp at Alouette Lake near here.

The tragedy occurred during excitement which arose when the child and mother fell in. They were pulled to safety by other children.

CONSCRIPTION ENDORSED BY HOUSE VOTE

Measure Is Given Second Reading by 158 to Fifty-Four

OTTAWA, July 7 (CP).—The House of Commons tonight gave second reading to Bill 80 providing for overseas conscription by proclamation. The vote was 158 to 54.

The vote ended a sharp debate which began June 10 and had continued with only a few interruptions at all sittings since that date.

Some forty-six Quebec Liberals joined with two Quebec Independents and the six members of the C.C.F. party present, to vote against second reading.

The Conservative and New Democratic groups voted with the Government.

Immediately after the vote when the House had moved into committee on the bill, a tumult arose when Conservative House Leader Hanson attempted to make a statement, based, he said, on the fact that after closing the debate the Prime Minister had made a statement in which he "looped the loop three times."

He got no further because Chairman Vien called him to order and would not permit him to proceed. Amid wild shouting Mr. Hanson appealed from the chairman's ruling.

The chairman sent for Speaker Gler to whom he reported that he had put the motion that the committee rise and report progress before Mr. Hanson took the floor.

Mr. Hanson declared this was not correct, that he was on his feet before the motion was put.

Speaker Glen asked for a call of ayes and nays in the chairman's ruling, and when the chairman was sustained the Conservative group demanded a recorded vote.

The chairman's ruling was sustained by a recorded vote of 137 to 44. The New Democratic party, a number of Independents and three Liberals voted with the Conservatives against the ruling. The C.C.F. group voted with the Government.

BRavery WINS VICTORIA CROSS

Commander Miers of Submarine Torbay Raided Shipping in Harbor

LONDON, July 17 (CP).—The Victoria Cross today was awarded Commander Anthony Cecil Capel Miers, D.S.O., for valor while commanding the submarine Torbay in a seven-hour "daring and successful raid on shipping in a defended enemy harbor."

The citation said he surfaced in the harbor to recharge his batteries in full moonlight "under the guns of the enemy" and then waited several hours to attack in daylight.

"When he had fired his torpedoes he was heavily counter-attacked and had to withdraw through a long channel with anti-submarine craft all round and continuous air patrols overhead."

The Gazette also announced the award of Military Crosses to Lord Lovat, leader of the Commando force which raided the Boulogne coast on April 22, and to Capt. Gordon Webb, one of the senior officers on that expedition. The awards were made for "gallant and distinguished services."

HUNGARY WARNS HER NEIGHBORS

Broadcasts Belligerent Reminder to Rumania and Slovakia—Speaks of Threat to Honor

ISTANBUL, July 7 (AP) (Delayed).—The Hungarian radio warned Rumania and Slovakia today "the Hungarian army is the best in Southeastern Europe and we remind small nations with imperialistic designs that they stand to lose their own territories."

"Hungary resents publications of Rumania and Slovakia," the Budapest broadcast went on in reviving the long-smouldering territorial quarrel between the Axis satellites.

"If Hungary faces a threat to her honor she will know what to do."

The Turkish radio said this trade was touched off by statements of the Rumanian and Slovak press and radio that Hungary is their "common enemy."

NAZI POWER DRIVE

MARCH OF DEATH AS RUSSIANS RETREAT

From Europe Day by Day—

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

GERMANS Sustain Enormous Losses in Gaining Foothold on East Bank of Don—Long Trains Carry Wounded Away From Fronts—Fighting Renewed in Kalinin Sector

MOSCOW, July 8 (AP).—The German army, despite stubborn Russian resistance, has driven still deeper into the Don Basin southwest of Staryi Oskol, the Soviet mid-night communique said today.

Red army forces in this sector "retired to previously prepared defence lines" after a smashing attack by 200 German tanks and a large infantry force, the communique acknowledged.

Another violent battle was said to be continuing west of Voronezh, on the vital Moscow-Rostov Railway, east of the Don and about sixty-five miles northeast of Staryi Oskol.

There was no indication in the communique that the Germans had advanced in the Voronezh sector, but a supplement issued by the Soviet Information Bureau said "our artillery and infantry for two days defended one village against superior enemy forces." This appeared to indicate the village has been given up.

At the approaches of this village, the supplementary communique said, the Germans lost more than a thousand men in killed alone and in another section of the Voronezh front 700 Germans were killed in a combined tank and infantry attack.

On Their Way to Old Country

COMMODORE and Mrs. William Edward Parry are pictured as they arrived in New York. Commodore Parry commanded one of the three vessels which defeated the Nazi Graf Spee. He was Chief of Naval Staff in New Zealand. He is going to England for duty with the Royal Navy.

Commenting on the violence of the fighting in the Staryi Oskol sector, the communique said:

"Eighty German tanks were disabled. Enormous losses were likewise sustained by enemy infantry. Our men mowed down the Hitlerites by point-blank machine-gun, automatic rifle and rifle fire."

The German High Command claimed the city of Voronezh had fallen in a drive 130 miles east of Kursk and sixty miles beyond the high-water mark of Germany's 1941 advance.

A Tass correspondent reported that every foot of the German advance into the ravine-cut chalk hills of Western Voronezh was over the piled bodies of Nazi dead. He wrote that six trains totaling 347 cars had taken German wounded back from the Dn River battle zone alone, yet still new troops surged on in their places.

MARCH OF DEATH

Tanks, the rolling forward wall of the Nazi offensive, were reported demolished by the hundreds. In one sector German infantry were said to have marched in massed ranks to death in an ambush of machine guns and mortars.

Particularly heavy was the toll the Germans were said to have paid for their foothold on the east bank of the Don.

Russian tanks and guns which lined the bank smashed attempt after attempt to cross the navigable stream.

Timed with the drive east toward

ANNOUNCE LOSS IN CARIBBEAN

United States Navy Lists Three Vessels Sunk by Submarines

(By The Associated Press) With Hitler's threatened all-out U-boat drive against United Nations' shipping in its second week, the United States Navy announced on Tuesday the destruction of a United States, a British and a Norwegian merchantman in the Caribbean, bringing to 343 the unofficial Associated Press tabulation of Allied and neutral losses in the Western Atlantic since December 7.

Losses in the Caribbean were put at 112 in the tabulation.

At a Caribbean port, the chief engineer of a medium-sized Norwegian cargo ship torpedoed in nearby waters June 15 told of spurning three times the offer of a submarine commander to shake hands. He was one of thirteen of a twenty-five-man crew the navy said were saved from two U-boats. The others were believed to have gone down with the ship, which sank thirty seconds after a torpedo explosion nearly tore it in two.

The engineer said he believed the commander wanted the hand-shaking photographed for propaganda purposes.

The navy reported a small British tanker was shelled in the Caribbean June 17, twenty members of her twenty-one-man crew being rescued. Survivors said two submarines sent about sixty shells into their ship.

The American ship was torpedoed and sunk a month ago. Two members of the thirty-one-man crew were lost.

BODY IN BUSH

NELSON, B.C., July 7 (CP).—The body of Ernest Hardy, sixty, of near-by Nakusp, was found in the bush near his home today with a gun-shot wound in the head. It was reported to Provincial Police here. He had been missing since Sunday. Surviving are a son and a daughter.

NEW ENGINE TO WORRY U-BOATS

Will Make American "Sub" Chasers Speedier and More Efficient

WASHINGTON, July 7 (AP).—Foreshadowing an early start of a mighty new phase of anti-submarine warfare in American waters, the United States Navy announced today the invention of a lightweight high-speed Diesel engine made especially for use in submarines and already in mass production.

The new power plant, along with a new variable-pitch propeller, was understood to be ready for installation in quantities of small craft destined soon to join the fight against the U-boats and authorities declared that these would be craft of superior performance.

Built as a unit with the engine is a new type of reversible propeller which eliminates the need for complicated heavy reverse gears and thereby further reduces the weight of a submarine's machinery and increases its capacity for fuel and ammunition.

Craft equipped with these new power plants, it was said, have greater cruising radius, speed and manoeuvrability than those propelled by standard equipment.

FIRE BREAKS OUT AT BIG AIR DOCK

Old Home of Dirigibles at Akron Endangered—Origin of Outbreak Not Determined

AKRON, O., July 7 (AP).—Firemen brought under control within an hour tonight flames which broke out at one end of the huge Goodyear air dock, once the home base of the dirigibles Akron and Macon and now used for assembling sections of aircraft.

The extent of the damage and the origin of the fire are not completely determined. Goodyear Aircraft Corporation stated.

Production continued without serious interruption at the other end of the dock, which is 1,175 feet long and has doors 21 feet high.

Auxiliary firemen and police of the local Civilian Defence Corps were called out as all of the city's available apparatus answered the alarm.

The dock is the largest structure of its type in the world, constructed without inside supports, originally as a home base for huge airships. It is being used to assemble parts made by Goodyear Aircraft Corporation.

Mill Town Wiped Out

PRINCE GEORGE, B.C., July 7 (CP).—Loss was estimated in thousands of dollars tonight as residents of the little mill town of Bend, eighty-eight miles east of here, counted the damage done by a wind-swept fire which wiped out the town on Monday evening, left 300 persons homeless and destroyed the Bend Sawmill Limited plant.

Measure reports received here by short wave radio said there were no casualties.

Forestry officials here, handicapped by lack of men, are still fighting sixty forest fires in the Port George district, north and east of here.

Canadian Army Units Operating in Alaska

Stationed in North to Aid United States Forces If Invasion Attempted, Air Chiefs Disclose Here on Return From Flying Tour of Inspection

Force are stationed in Alaska to help United States forces repel any attempted invasion of that territory by the Japanese, it was revealed here yesterday in a statement issued by Air Minister C. G. Power and Air Marshal L. S. Breadner, chief of the air staff, who arrived here Monday night after a flying trip from Ottawa through the air route to Whitehorse and Alaska.

With them was Air Commander F. Vernon Hecker, an member of the Permanent Joint Board on Defence. The party came West from Ottawa several days ago and left for the East again later yesterday.

An official press release issued on behalf of the party yesterday said the object of the tour was an inspection of the Northwest staging route built by the Canadian Government to Alaska, and which provides a safe and alternate route for air reinforcement or for any other military project which may develop. Mr. Power's primary objective was to see that full facilities should be available for the safety and comfort of Canadian and United States pilots using it, and for whom it was built under joint board arrangements by the Department of Transport.

INSPECTS DEVELOPMENTS

The minister's intention was to run up the route from Edmonton to Whitehorse and thence to Alaska, but smoke from forest fires and poor visibility at Edmonton caused him to see the upper half of the route first, and enabled him by flying over mountains to inspect developments at Prince George on the way to Whitehorse. He will cover the lower part of the route when returning to Ottawa.

The Northwest staging route was originally a pioneer venture of those who foresaw commercial air develop-

ments of the future between Canada and Alaska, but when war came its importance militarily was immediately recognized and long before the United States entered the war its development by Canada as a joint board project was commenced. The difficulties were immense but the route now is in full operation and is proving of inestimable value in reinforcing of Alaska, it was stated.

From Whitehorse the party flew into Alaska and visited the main United States bases there, meeting United States Army, Navy and air commanders in chief, and discussed at first hand the problem of Alaskan defence as related to Canada's West Coast.

RELATIONS CORDIAL

The minister was much impressed with the United States commanders' appreciation of the situation, which, he said, was most reassuring. A particular note was the cordial relations existing between United States and Canadian forces in Alaska.

"The Americans are doing everything within their power to make Canadian squadrons comfortable and have given them a most important role in the operations," said the statement.

Hon. Mr. Power visited all Canadian squadrons in Alaska and found them to be in fine fettle, and very keen at having an opportunity of meeting the Japanese wherever and whenever they can be found. Pilots, air crews and all personnel are in splendid condition. The nearer they were to the Japanese the happier they were. The food was good and the quarters excellent when all allowances are made for the fact that they are in a theatre of operations.

Few, if any, would voluntarily return to Canadian stations. All are anxious to take a heavy toll of the Japanese and they are quite capable of doing so.

FIGHTING AMBASSADORS

"Canadian airmen in Alaska," said Mr. Power, "are fighting ambassadors of whom we may all be proud—many of whom have fought over the skies of Britain and delivered hammer blows at Germany."

The minister also visited Canadian Army units in Alaska. This party was met at a Northern base and accompanied on the Alaska tour by Air Vice-Marshal L. F. Stevenson, air officer commanding, Western Air Command. They were greeted at the Far Northern base by a guard of honor comprising a full company of infantry and a band of 150 pieces.

Following inspection of the United States guard of honor the official party was driven to the hangars assigned to Canadian units and inspected the Royal Canadian Air Force guard of honor, R.C.A.F. aircraft and facilities and chatted with the men. They also carefully inspected equipment of United States squadrons.

Neither the minister nor air marshal gave any interview or made any statement on the transfer of Western Air Command headquarters staff from Victoria to Vancouver.

NAZI DRIVE IS MARCH OF DEATH

Continued from Page 1

Voronezh from Kursk was a supporting German thrust northeast from Belgorod, south of Kursk, into the Blagoy Oskol region, sixty-five miles southwest of Voronezh, an industrial town with a peacetime population of 212,000 on the main rail line from Moscow to the Caucasus. Russian dispatches told also of an increase in activity on the Kalinin front northwest of Moscow.

This apparently was in the same sector where the German commander, speaking of it as the Rzhev area, said the Russians were thrown back from their positions on a wide front.

Pravda reported from Kalinin that German attacks were repulsed and the Nazis were falling back from the battlefields littered with hundreds of their dead and large quantities of damaged equipment.

CLAIMS ADVANCE

BERLIN (From German Broadcasts), July 7 (AP).—The German High Command claimed today that Voronezh, key communications centre for the Russian armies, has fallen to the German eastward drive from Kursk.

The thrust to the city represented a ten-mile advance by German forces reported to have crossed the Don River, west of Voronezh, at a number of points yesterday.

The German commander claimed that the German army division destroyed sixty-one Soviet tanks and that "enemy counter-attacks have been defeated."

The number of prisoners and amount of booty are continually increasing, it added.

Nazi planes ranging far behind the Russian lines were reported to have dealt shattering blows to Red Army supply lines.

VIOLENT FIGHTING
In another violent eruption of fighting, the High Command asserted the Russians were thrown from their positions "on a broad front" in the Rzhav area, 120 miles northwest of Moscow.

The communique said the Russians started an offensive of their

Canada and Russia Sign an Agreement

Russian Ambassador to Britain, M. Maisky, and Vincent Massey, Canadian High Commissioner, are pictured signing the Agreement on the Establishment of Direct Diplomatic Relations Between the U.S.S.R. and Canada. The signing of the Agreement took place in the Soviet Embassy in London.

own north of Orel, in the sector about midway between Moscow and Kharkov, and a counter-attacking German knocked out Soviet tanks. Hard fighting was reported still in progress there.

In Monday's aerial fighting the Germans claimed ninety-six Russian planes were destroyed against only two of their own.

Two Soviet submarines have been sunk, the High Command reported, one by Nazi bombing planes in Black Sea waters off the Crimea and the other in the Gulf of Finland by a mine sweeper.

ASTROLOGY ON RADIO WANTED

Astrolite Before House Committee With Request for Broadcast Time

OTTAWA, July 7 (CP)—Carl M. Lewis, of Toronto, who described himself as the first astrologer to appear before a House of Commons committee since 1851, today appealed to the House of Commons Radio Committee to allow broadcasts on astrology.

Mr. Lewis said he had broadcast under the name of Astrolite and had been banned by the Canadian Broadcasting Corporation under a regulation prohibiting broadcasts of fortune telling. He said astrology was a science and was improperly classed with fortune telling.

His broadcasts had resulted in thousands of complimentary letters from listeners whom he had advised on proper dates to plant crops, change their residence and make contracts.

The committee also heard evidence from Harry Silverberg, of Toronto, a former C.B.C. employee, who said he had obtained a position with the corporation after representations were made by Samuel Factor (Lib., Toronto-Spadina).

TOO MUCH STAFF

He said that he had great difficulty in finding any work to do, and found the C.B.C. greatly overstuffed. Mr. Silverberg added that when Mr. Factor made a motion before a parliamentary committee to decrease cost of radio licences, two other employees had told him that he would be fired unless the motion was withdrawn.

Arthur Slaughter (Lib., Party Sound) termed Mr. Silverberg's evidence "irrelevant and trashy," and later moved that it be struck from the record. He withdrew the motion when Rev. E. G. Hanson (N.D., McLeod) said it would speak for itself.

Mr. Silverberg was critical of the C.B.C. management under Major Gladstone Murray, and denied a suggestion by Mr. Slaughter that he had appeared before the committee at the instigation of someone else. He said he had appeared at his own expense.

FULLEST WAR EFFORT

LONDON (CP).—The Ministry of War Transport has announced that Britain's principal canal and public carriers by canal will be brought under a scheme of control similar to that over the railway companies.

LEADER WANTS QUICK ACTION

Coldwell Calls Government To Stay in Session Until Danger Is Past

OTTAWA, July 7 (CP)—M. J. Coldwell, C.C.F. House leader, told the House of Commons tonight that recent developments in the war demanded "immediate action on all fronts," and suggested Parliament should not adjourn until steps had been taken to meet all contingencies.

He said to leave for subsequent action by order in council the fulfilment of Canada's responsibility to meet urgent demands of the war was a form of abdication of the responsibilities of members of those who sent them to Parliament.

The Prime Minister himself had, on more than one occasion, condemned the practice of doing by order in council what should be done by Parliament.

"We are asked to enact legislation to give the Government power to enact legislation which will have the force of every kind of legal enactment without reference to this House," said Mr. Coldwell. "I say that is wrong."

NEED FOR ACTION

Yet to postpone "an adequate policy" at this time would be a betrayal of the urgent needs of the war. It had been said the war would be won or lost by the campaigns of this summer. At least these campaigns would have a profound effect on the duration of the war.

This House should provide at once, without delay, for total mobilization of industry, wealth and manpower.

"But under this bill we are now discussing we are merely allowing the Government once more to postpone its decision on one phase alone."

This procedure was undemocratic, Mr. Coldwell said. Parliament was the place where the necessary decisions should be reached on all phases of the war effort.

"This method of procedure is a form of procrastination born of political expediency."

"We do not propose to be parties to this kind of political manoeuvre, because that is what it is. We shall make our protest by voting against this bill tonight."

ANGOTT SCORES FIGHT TRIUMPH

PHILADELPHIA, July 7 (AP).—Lightweight Champion Sammy Angott bulldied and mauled his way to a twelve-round split decision over Bob Montgomery tonight in a non-title scrap at Shibe Park before 16,000 spectators.

It was Angott's third straight decision over the Philadelphia negro.

Royalty at White House

King Peter, Boy King of Yugoslavia, Yet Another Royal Exile, Is Welcomed to the White House by President Franklin D. Roosevelt.

May Set Up U.S. Radio In Dominion

OTTAWA, July 7 (CP).—Prime Minister Mackenzie King today tabled in the House of Commons an order in council providing for establishment and operation of radio stations in Canada by United States

authorities, in connection with developments in the Northwest.

The order was dated April 28 last. The United States asked for the permission to facilitate construction of the Alaska Highway.

Under the Radio Act of 1936 licences for radio stations may be granted only to British subjects or to companies incorporated in Canada.

TRIAL WILL BE RESUMED TODAY

Crown Prosecutor Rests His Case Against Rene Chaloult at Montreal

MONTREAL, July 7 (CP).—Trial of Rene Chaloult, charged under the Defence of Canada Regulations, will be resumed tomorrow when Judge Edouard Archambault will rule on a Crown prosecutor's objection made when Mr. Chaloult took the stand to prove his "good faith and moral standard."

The trial resumed today after a five-day adjournment. The Crown prosecutor, Gerald Fauteux, had rested his case against the Liberal member of the Quebec Legislature for Lachine at the end of the morning session.

Judge Archambault warned that he would clear the court if necessary when youths applauded Mr. Chaloult when he started to testify that he had spent the last twenty-five years studying particularly "questions relating to French Canadian national problems."

There were several objections from the Crown when the accused said that he had studied and followed "Henry Bourassa's" doctrines and that he was "Abbe L. Groulx's" disciple. Mr. Chaloult said, "I am for the liberation of the French Canadian people from the political and economic domination under which they have been living."

Mr. Chaloult went on to say that some of the ideas he had been preaching were previously expressed by Prime Minister Mackenzie King and the late Justice Minister Ernest Lapointe as well as other prominent Canadian citizens.

It was then, after Mr. Chaloult added, "I have no hatred for anybody and I have been repeating this all along," that Crown Prosecutor Fauteux and Defence Counsel Fernand Choquette and Philippe Montreuil engaged in an hour-long argument as to the legal propriety of such testimony to prove the accused's good faith and moral standard.

The debate ended when Judge Archambault adjourned the sitting until tomorrow while taking the Crown's objection under advisement.

FOR BRITAIN'S HEALTH
LONDON (CP).—The Medical Planning Commission of the British Medical Association, studying plans for the reconstruction of Britain's medical services, recommended the establishment of model health centres with ten or twelve doctors working together.

NAVY BALL NINE TROUNCES F.M.D.
Taking a 5-0 lead in the first three innings, Navy's team in the Second Division of the Victoria Baseball League chalked up another victory last evening by whipping the Victoria Machinery Depot at Beacon Hill Park, 11-2. In the absence of Manager Gordie Graydon, who is home on leave in Edmonton, Ralph Moss took over and apparently is going to be the salaried machine operating on all flyinders as the pennant race continues.

Anderson was on the mound for the Esquimalt Bluejackets and never had any trouble turning back the shippard boys.

Score by Innings:
Navy 0 4 0 2 0 3—11
V.M.D. 0 0 0 1 0 0—2
Batteries: Anderson and Morden; Blisk and Lindsay.

GERMANS CLAIM CRUISER IS SUNK

Tell of Sinking Twenty-Eight Merchantmen in Arctic Convoy

OTTAWA, July 7 (AP).—The Germans today claimed the sinking of a United States heavy cruiser and twenty-eight merchantmen out of a convoy in Arctic waters between Spitzbergen and the Norwegian North Cape.

There was no confirmation of the German claim from any other source. In the last previous big Arctic convoy battle the Germans claimed they sank eighteen Allied ships, when actually six were sunk.

A special communique from Hitler's headquarters today said the convoy consisted of thirty-eight merchant ships carrying planes, tanks, ammunition and food supplies bound for Archangel with a heavy escort of Allied warships.

The attacks upon the convoy started July 2 in Arctic waters, 300 to 400 miles off the North Norwegian coast. The convoy escort was said by the Germans to have included battleships, cruisers, destroyers and corvettes.

"In close co-operation, German submarines and air formations sank a heavy American cruiser and nineteen merchantmen totaling 122,000 tons," the communique said. "Submarines sank nine ships totaling 70,400, making a grand total of twenty-eight ships of 192,400 tons."

"The remaining vessels were dispersed. The battle is going on."

"German Red Cross planes rescued a number of American sailors."

LAND SETTLEMENT REPORTS TABLED
Chairman of Special Committee of House Also Presents Redraft Of Bill

OTTAWA, July 7 (CP).—Hon. Cyrus MacMillan, chairman of the special House of Commons committee on land settlement, today tabled in the House the fourth report of the committee, along with a redraft of Bill 65, the measure providing for settlement on the land after the war of an estimated 25,000 ex-servicemen.

The fourth report added four recommendations to the bill. It asked the Government to consider:

1. The feasibility of adopting a system in which the annual payments made by the settler would be adjusted in accordance with the value of the price of commodities he has to sell with those he has to buy;

2. A scheme whereby settlers under the act would be given first option on the purchase of tractors, trucks and other military equipment suitable for farm use when the war ended.

RETURNING TO WORK
MONTREAL, July 7 (CP).—One shift of workers, involved in a strike at the nearby Chrysler munitions plant, late today voted to go back to work at midnight tomorrow. The other two shifts will vote late tonight and early tomorrow morning.

BUY EQUIPMENT
A scheme whereby settlers under the act would be given first option on the purchase of tractors, trucks and other military equipment suitable for farm use when the war ended.

Motor Torpedo Boats Are Commandos of Sea

A BRITISH PORT, July 7 (CP).—The men who man the Royal Navy's motor torpedo-boats are the commandos of the sea. Among other things, they actually support commando raids at times.

They are the men the British Admiralty talks about in such prosaic communications as this: "There was slight activity in the Channel when our light coastal craft attacked enemy shipping."

That's not just how it looks to anybody going along on such an attack with the ships of the fleet. It's the flashing actions usually of short duration but rival dog-fights of air combat for thrills.

The entire motor torpedo-boat (M.T.B.) is called a flotilla, bows high in the water, roars across the night-darkened channel at forty knots until they get the order, "dead slow." That's when a closely escorted convoy of Axis ships is sighted.

Then, throttles wide open, the bullets from the convoys stream M.T.B.'s roar to the attack. Tracer past the "mosquitoes." Convoy searchlights sweep the surface, light the sea to a bright green.

GUNS BLAZING
A German E-boat, the Nazi equivalent to a M.T.B., sweeps past with guns blazing. It receives more

than it gives, coming in line with guns of almost the entire British flotilla.

Then on again to the convoys. A British torpedo-boat finds its target. Comes the order, "Fire one... fire two."

Torpedoes cough, then swirl into the water, whipping the sea while they bob about until they find their depth. The attacking ship swings hard about then. Next there is a dazzling flash as the torpedoes hit and a roar which lifts the tiny vessel out of the water. Another ship shows in the glare—a sinking ship. More explosions.

Heavy guns of the Nazi escort drop shells perilously close to the flotilla as it roars away, stern armaments pouring shells and bullets at the enemy. The little hornets of the sea flash their "recognition" signal as they near the English coast and then slide into their berths while mechanics rush out to overhaul them for the next sortie.

That's what the Admiralty is talking about when it says, "There was slight activity in the Channel when our light coastal craft..."

ARE ROBBED OF FOOD SUPPLIES

Netherlanders to Have Normally Abundant Agricultural Products Rationed

LONDON, July 7 (CP).—A startling revelation of the extent to which the Germans have robbed the Netherlands of its normally abundant food supplies is contained in the announcement by the German-controlled newspaper Nieuwe Rotterdamse Courant that a growing shortage of green vegetables will soon compel rationing of such foods throughout the country.

Such rationing has already begun in the city of Zaandam, the newspaper said.

For centuries the Netherlands has been noted for its scientific and intensive agriculture, producing not only ample supplies for its own population, among the largest per capita consumers of garden vegetables in the world, but also hundreds of millions of pounds annually for export.

CHIEF SUPPLY SOURCE
Despite its comparatively small area and production, it was one of the chief supply sources of fresh vegetables for most of the metropolitan areas of the British Isles and Western Europe.

In 1939, the last year for which official figures are available, the Netherlands green vegetable export surplus amounted to 710,000,000 pounds, a record figure.

In an effort to increase the supply of food for the Reich's insatiable war industries, the Germans have also dealt crippling blows to The Netherlands world-famous dairy industry, according to information reaching here today.

PLOUGHING PASTURES
The occupation authorities have ordered the ploughing up of an additional 187,000 acres of pasture land, which, according to the edict, must be used for the growing of rape seed, an important source of vegetable oil.

"The 100,000 cows hitherto pastured on this land have been ordered slaughtered."

The injury to Netherlands dairy farmers, as a result of this German

Take Honors at A.R.P. Demonstration

Seen above is No. 9 team of the St. John Ambulance Victoria Nursing Division, No. 61, with the Mayor McGavin Cup which they won at the A.R.P. demonstration at Macdonald Park, last Thursday, for being the best first aid team in a group of five teams. Mayor Andrew McGavin presented the cup to the winners, who are, from row, left to right, Mrs. Margaret Castles, Mrs. J. Lindal (captain), Mrs. E. W. Scraggs, Back row: Mrs. R. Knapp, Mrs. R. Squires (holding the individual winner's cup in the Denton Holmes Division), and Miss Grace Morrison.

action, experts said, is one which will take years to repair, even after the Germans have been driven from The Netherlands.

CONSCRIPTION ENDORSED BY HOUSE

Continued from Page 1

2. That power to impose conscription was being asked "solely because it (the Government) is of the opinion that... it is in the national interest that the power should be possessed by the Administration."

3. That if the bill, which amends the National Resources Mobilization Act of 1940, were passed, the N.R.M.A. "as respects both the conscription of wealth and conscription of manpower... remain enabling legislation."

OPERATIVE BILL

4. That once the bill becomes law it will in no sense be "a dead principle in our statute books" so far as compulsory service anywhere in this hemisphere is concerned, and that "to strengthen our own immediate defenses it will be necessary to send call-up men to Newfoundland and Labrador."

5. That he does not believe "anything better can be suggested" than the present Government policy which he described as "not necessarily conscription, but conscription if necessary."

6. That the Government is ready to "conscript whatever wealth is necessary" to distribute the war burden "as equitably as possible."

If the need should arise for sending overseas as reinforcements, men called up under the N.R.M.A. "the procedure should be as open and above board as it can possibly be made," Mr. King said. Unless it were understood Parliament would be informed in advance, "all kinds of suspicion will be aroused and all sorts of rumors will be in circulation from day to day."

TO INFORM HOUSE

"I intend, therefore, if the time should come when the Government decides that it has become necessary to send overseas, men who have not volunteered for general service, and I should be in office at the time, to ask my colleagues to join me in seeing that Parliament is immediately informed of the Government's decision," the Prime Minister said.

"If Parliament is not in session, I would do whatever lies within my power to see that Parliament is informed as soon as possible after the decision has been reached."

"I intend, at the same time, to see that, before the Administration assumes the additional responsibility of enforcing its decision, honorable members are given an opportunity, not for any second debate on the question of conscription, but of showing their confidence or want of confidence in the Administration."

"The debate on the merits of conscription has, of necessity, come on the present bill. What really is important hereafter is that the Government's decision should immediately be presented to Parliament, and that the Government should be prepared to stand or fall on its decision."

PREMIER SPEAKS
OTTAWA, July 7 (CP).—Before the Government enforces overseas conscription, it will give members of the House of Commons an opportunity "not for any second debate on the question, but of showing their confidence or want of confidence in the Administration," Prime Minister Mackenzie King said in the House tonight.

"No matter how drastically discussion might have to be restricted to prevent delay, every member by his vote would have the opportunity to express his confidence or

lack of confidence in the Government," Mr. King said.

"There need, in fact, be no debate."

Two methods could be used to bring about the vote, Mr. King said without saying which would be used.

COULD MOVE VOTE

Any member could move a vote of want of confidence on a motion to go into committee of supply, and if that method were deemed advisable by the Government "the Government would so arrange."

The Prime Minister might follow the example of Prime Minister Churchill and express to the House "his desire to be sustained by a vote of confidence."

Parliament would be called if necessary to make the vote of confidence possible, Mr. King said.

"I wish," said Mr. King, "to leave no doubt in the mind of any honorable member that, if I am at the head of the administration when such a decision to impose conscription for overseas is reached, I shall ask to be assured of the confidence of the House of Commons before the Government proceeds to enforce the decision."

Mr. King spoke immediately after the House, without a recorded vote, defeated an amendment moved by J. S. Roy (Ind., Gaspe) to the Government's Bill 80, in which Mr. Roy held that the bill to permit conscription for overseas by order in council was likely to cause discussion leading to internal war.

POINTS IN SPEECH

During his lengthy speech winding up the debate on second reading of Bill 80, Mr. King said:

1. That if, "at any time up to the present," the Government had imposed compulsory overseas service, "resulting discussions" might have considerably reduced the totality of Canada's war effort.

MAKE DRIVE ON THE BUND

Three Die in Bomber Crash At Vancouver

VANCOUVER, July 7 (CP).—Three members of the Royal Canadian Air Force were killed today when a training-bomber caught fire in mid-air and crashed on a farm on Lulu Island near the Vancouver Airport.

The plane struck 300 yards from the home of Archie Blair, a farmer who ran to the scene but found the heat "so intense we couldn't get near it." Bodies of the three victims were thrown clear. Part of the tail was found 200 or 300 yards away.

Blair said an eye-witness of the crash told he saw the plane flying low and that it burst into flames before it crashed.

Names of the victims were withheld pending notification of next of kin.

EDITOR ACCUSES HIS DRAFT BOARD

Ralph Ingersoll Says U.S. Attempting to Draft Him for Political Purposes

NEW YORK, July 7 (CP).—Ralph M. Ingersoll, editor and publisher of the newspaper PM, accused his draft board in an open letter today of attempting to draft him because of prejudice against PM.

A major portion of the newspaper's front page headlines was devoted to the letter and the next three pages contained the text and an explanation by Ingersoll, who said in an editorial preface that he was ready to go into the army or continue as editor, but added:

"What I am kicking about is the decision being made by a draft board which has betrayed prejudice in my case—apparently because it doesn't like PM."

Classified I-A by his local draft board, Ingersoll appeared for induction June 24 only to find that this had been delayed because of an appeal for deferment by Marshall Field, owner of PM, who said Ingersoll was indispensable to the paper's continuance.

The editor was scheduled to appear before the board tonight for a new hearing to determine his status.

LEAVING ARMY

PORT ALBERT, July 7 (CP).—Lieutenant Gordon M. Campbell, who has commanded the local detachment of The Canadian Scottish Regiment since its formation here a year and a half ago, has asked to be relieved of his command, and will retire in August.

DIES AT VANCOUVER

VANCOUVER, July 7 (CP).—Capt. George Ash, a veteran of border fighting in Texas and Mexico and a traveler in many foreign lands, died here yesterday. Funeral arrangements will be announced later.

VILLAGE TO BE ASSET TO CITY

Permanent Norwegian Town To Be Constructed for Film At Cost of \$30,000

Not a make-believe cardboard

and as quickly brushed away, but a genuine, permanent Norwegian village will be built on the Saanich Arm for the production of the film version of "The Commandos," Gordon Wiles, production designer, said last night.

The village, where all the outdoor scenes of the million-dollar picture will be produced with the co-operation of the Canadian Army, Navy and Air Force, will cost approximately \$30,000, and Mr. Wiles believes it will remain as an asset to Victoria and Vancouver Island for many years after Columbia Pictures, Inc., have produced their film based on C. S. Forester's war story.

TOURIST ATTRACTION

"The original plans have been amplified by the producers and, instead of a temporary village of the Hollywood movie type, a permanent Norwegian village will be constructed," Mr. Wiles explained. "All arrangements have been completed with Percy Stacey, near whose quarters the village will be built, and with a little additional fishing work it will be invaluable as a tourist attraction and available for use in producing additional pictures later on."

The building of the village will begin just as soon as workmen and equipment can be transported to the site, Mr. Wiles said.

Meanwhile Mr. Wiles and Harvey Foster, unit production manager, are wrestling with the many problems peculiar to the making of a complete film far from a Hollywood lot. With excellent co-operation in all quarters, they said, progress is now apparent, and they expect that preparations will go forward on schedule.

These include the sound-proofing of the Main Building at the Willows Exhibition Grounds and the selection locally of about 200 extras for use in the film.

TO INTERVIEW APPLICANTS

"This business of selecting extras is something of a headache, and the success we have will depend on the number of capable ones we can find," said Mr. Foster. He explained that extras will be selected to some extent by mass interviews and filed by types.

The transportation here of all production equipment, including trucks carrying recording machines, contact machines, portable generators and transformers, sets and expen-

slive wardrobe is an extensive undertaking, it was explained.

TO START AT WILLOWS

The sound-proofing of the building at the Willows is expected to begin on Friday, with the carpenters arriving tomorrow.

"This is a considerable job in itself," Mr. Wiles explained. "The building must be thoroughly lined to keep out sound and for acoustics."

Paul Mual, star of the film, is expected to arrive about the beginning of the week, with Lieut.-Comdr. John Farrow, R.C.N., director, and William Mellor, cameraman.

GIVE IT A CHANCE

Make sure your refrigerator can do the job it's intended for—give it a chance to preserve your food supply safely and efficiently...

Keep it clean. Your refrigerator should be thoroughly cleaned once a week or at least every ten days. At this time the walls, trays, and evaporator should be washed with warm soapy or soda water.

Defrost the refrigerator regularly... never allow more than 1/8-inch or 1/4-inch of frost to accumulate. This frost acts as an insulation and not only retards refrigeration but increases operating costs.

Don't leave the refrigerator door open longer than necessary... or open it more often than you need to.

Foods should be placed in the refrigerator so as to have a free circulation of air.

Foods should be cool before being placed in the refrigerator. Chill all cooked foods thoroughly and cover them tightly.

All foods with strong odors—like cantaloupes, pineapples, etc., should be carefully wrapped.

Bananas should never be kept in the refrigerator.

Do not wash berries before placing them in the refrigerator. Wash them just before they are to be served.

Meat should be unwrapped and placed in the meat keeper. If it is kept on a plate, cover it lightly with wax paper.

Fish should be kept in the chiller tray just under the evaporator. Fresh vegetables should be washed, all outside leaves removed and then placed in the vegetable pan. If there is no pan, wrap the vegetables in wax paper or place them in an oilskin bag.

Give Your Refrigerator This Help—and It Will Give YOU the Finest in Refrigeration Service

Now, More Than Ever Before, It is Necessary to Buy War Savings Certificates REGULARLY

B.C. ELECTRIC

NEW PRIORITIES REGULATION Will Affect Every Industry

On July 10, 1942, a new Priority regulation will be applied in Canada to every Canadian industry. Under it all businesses, other than retailers, will be classified, and will be allotted symbols which must be used for all purchase orders. Any business which fails to comply with the new regulation will run the risk of not obtaining certain goods or commodities it seeks to purchase.

The new regulation, which is Order No. 1 of the Priorities Officer, Department of Munitions and Supply, establishes a system known as the Allocation Classification System. Under its terms every purchaser of goods or commodities of any kind, valued at \$15 or more, other than a retailer or a person who buys from a retailer, must acquaint himself at once with the appropriate symbols. He must indicate the correct symbols on—

- (1) All purchase orders or contracts placed after July 10, 1942; and
- (2) All purchase orders or contracts, regardless of the date of placement, which call for delivery after July 31, 1942. A purchaser who has placed an order for delivery after that date must, before the end of July, 1942, advise his supplier of the appropriate symbols.

Industrial and mill suppliers, warehouses, and other businesses performing similar functions for industry, shall not be deemed retailers for the purposes of the order.

If any business is in doubt as to how it should classify its operations and what symbols it should use, the business should obtain correct information from the nearest Priorities office at 34 Adelaide Street West, Toronto; 604 Marine Building, Vancouver; or 702 Dennis Building, Halifax, or from the Priorities Officer, Department of Munitions and Supply, Ottawa. Copies of the regulation may be obtained from the same sources.

Shower for Bride

In honor of Miss June Dewar, who is to be married this month.

John Rodd, Jasmine Avenue, entertained recently at a miscellaneous shower. On her arrival, the bride-to-be was presented with a corsage bouquet of sweet peas, Sweetheart roses and maidenhair fern. She then opened the many lovely gifts, which were contained in a prettily decorated basket. During the evening games were enjoyed and Miss Jean Scott played several piano selections. Mrs. W. Sommers assisted the hostess with the refreshments. The guests included Mrs. R. A. Scott, Mrs. J. Watt, Mrs. W. C. Scott, Mrs. J. Waterston, Mrs. W. Sommers, Mrs. E. A. Robinson, Mrs. T. Brown, Mrs. M. Atkins, Mrs. D. Dale, and Misses June Dewar, Christie Watt, Jean M. Scott, Thelma Galtz, Dora Anne Freeman, Margaret Patterson and Owen Dewar.

Miscellaneous Shower

Miss Mary Welchman and Miss Myrtle Sluggitt entertained at a miscellaneous shower recently in honor of Miss Madeline McFarlane, whose marriage to Petty Officer Clarence Sluggitt, R.C.N.V.R., will take place at St. John's Church on Friday evening. The shower was held at the home of Mrs. G. McFarlane, 145 Island Highway. On her arrival the bride-to-be was presented with a corsage bouquet of carnations and roses. The gifts were concealed in a miniature battleship, attractively decorated. The evening was spent in games and contests, after which refreshments were served. The invited guests included Mrs. P. Sluggitt, Mrs. F. J. Sluggitt, Misses Theo and Rene Welchman, Elsie Flint, Mae Dumbleton, Audrey

Duncan, Audrey Porter, Phyllis and Myrtle Sluggitt and Kay Ray

Baby Christened
The four-month-old daughter of Mr. and Mrs. Peter Thorpe-Douglas was christened on Sunday afternoon at St. Mary's Church, Oak Bay, by Ven. A. E. del. Nunn. The baby received the names Patricia Ann and the godparents are Miss Sonia Cowan, Miss Margery Langley and His Honor Judge Lennox, for whom the baby's grandparents, Mr. and Mrs. I. L. Erb and Mrs. T. D. Thorpe-Douglas, stood proxy. The beautiful christening robe worn by the baby has been in her father's family for more than 100 years. After the service, Mrs. Thorpe-Douglas entertained members of the family at tea at her home, 1712 Montleith Street.

Christening Ceremony

Many Victorians were present at the christening ceremony on June 21 in St. James' Church, Kingston, Ont., solemnized by Rev. Mackenzie Naughton, when the infant son of Captain and Mrs. Guy Barclay received the names Patrick Bruce. The baby's aunt, Miss Vivien Combe, Toronto, is godmother and Lieut. New Paterson, Victoria, and Mr. R. N. Barclay, Kamloops, are the godfathers. About twenty-five guests were entertained after the service by Captain and Mrs. Barclay at their home, assisted by the baby's grandmother, Mrs. B. C. Combe, Victoria, who is visiting them.

Bride-to-Be Honored

Miss Jean Bishop entertained at the tea hour at the Empress Hotel recently in honor of Miss Sheila Pennington, whose marriage to Mr. Ted Browning takes place on Friday. The guest of honor was presented with a corsage bouquet of red roses and a Pyrex tea kettle with the best wishes of the assembled guests. The tea table was delightfully arranged with snapdragons and was presided over by Mrs. Lawrence Davis. Other guests included Mrs. J. W. Fisher, Mrs. P. Morton and Misses Laura MacBride, Monica Robbins, Kay McKenzie, Peggy Wharton and Connie Chow.

Birthday Party

Mrs. A. Larsen, Craigflower Road, entertained recently in honor of her husband, Petty Officer Larsen, on the occasion of his birthday. Congratulations were received from P.O. Larsen's many friends. A toast was proposed by C.P.O. Dane. Later refreshments were served from a table covered with a handworked cloth and centered with a bowl of pink and red roses. The invited guests included C.P.O. and Mrs. Dane, Mr. and Mrs. A. Hamill, Mr. and Mrs. N. McKinnon, Mr. and Mrs. A. De Giralomo, and Mrs. E. Miner.

Wedding Postponed

The marriage between Eva Margaret, daughter of Mrs. R. A. Coppock, California Avenue, and Sergeant Pilot John Francis Drake,

Her Royal Highness Princess Alice, Air Commandant of the R.C.A.F. (Women's Division), arrives at Ottawa Air Station, Rockliffe, to review airwomen from No. 7 Manning Depot. Left to right: Squadron Officer K. O. Walker, officer commanding No. 7 Manning Depot; Flight-Lieut. W. L. S. O'Brien, A.D.C.; Her Royal Highness Princess Alice; Group Captain J. L. Hurley, commanding officer, Ottawa Air Station, and Wing Officer L. M. Crowther, of the W.A.A.F.

Officials Open R.C.O.C. Canteen

An important event in the history of the R.C.O.C. was held on Friday when several hundred military people gathered to witness the official opening of the new canteen. The site upon which it now stands was originally the site on which was erected the original officers' mess of the Imperial Navy, so far as can be learned, sometime in the 80's. It later reverted to the Canadian Department of National Defence, in exchange for a recreational site adjacent to the dockyard.

Returns to Vancouver

Mrs. L. M. Dryden, first vice-president of the Women's Canadian Club, returned to her home in Vancouver last week, after attending the annual meeting of the regional council of the Canadian Clubs of British Columbia. She was elected second vice-president of the combined clubs at this meeting.

Return to California

Mr. W. Eric Huskins, of the Standard Oil Company, California, with Mrs. Huskins and their two boys, have been visiting Mr. Huskins' parents, Mr. and Mrs. W. Huskins, Douglas Street, and have returned to their home in Berkeley, Cal.

Artist Singers Arrive

The well-known English singers, Victoria Anderson and Viola Morris, arrived in the city yesterday and will be heard in recital this morning at the Victoria High School at 11 o'clock. This is one of the highlights of the Summer School programme.

Visiting at Langford

Mrs. G. L. Taylor, of Medicine Hat, with her daughters, Kathleen and Phyllis, is the guest of her brother-in-law, Mr. F. Taylor, and her niece, Miss Verna Taylor, at "Strangholme," Langford.

At the Empress

Mr. and Mrs. W. R. Devenish with their daughter, Miss Rosalind Devenish, arrived yesterday from Winnipeg and are staying at the Empress Hotel.

Home for Holidays

Miss Gladys Staverman, who has been teaching at Osoyoos, near Oliver, B.C., is spending the Summer holidays at her home at Langford Lake.

At the Empress Hotel

Mrs. Neil McQueen and Mrs. G. Jeffrey, of Vancouver, registered at the Empress Hotel yesterday.

Officials Open R.C.O.C. Canteen

An important event in the history of the R.C.O.C. was held on Friday when several hundred military people gathered to witness the official opening of the new canteen. The site upon which it now stands was originally the site on which was erected the original officers' mess of the Imperial Navy, so far as can be learned, sometime in the 80's. It later reverted to the Canadian Department of National Defence, in exchange for a recreational site adjacent to the dockyard.

Built by the 4th E. and M. Porters Company, R.C.E., it consists of a main concert hall, men's canteen, ladies' canteen and writing room, and kitchen adjoining the sergeants' mess.

Lieut.-Col. J. R. Gale, officer commanding No. 11 Depot Company, R.C.O.C., in officially opening the canteen, gave an interesting short address on the history of the original grounds and buildings once owned by the Royal Navy, and the difficulties he had to overcome in connection with the building of a new canteen. Colonel Gale, in his address, expressed the regrets of the D.O.C. and his staff officers in not being able to attend the party owing to the exigencies of the services at this particular time.

The entertainment started at 8 o'clock with community singing under the direction of Sgt. Paul Michelin, who also provided the music for the evening's entertainment. His own contribution to the piano was in itself a pleasure. The assembly drew repeated accolades from an enthusiastic audience of R.C.O.C. detachment (which now includes members of the C.W.A.C.) and their wives and friends, respectively. Altogether there were 450 persons. R.S.M. Sheppard was master of ceremonies.

After the concert an orchestra played for dancing. During the evening the committee had arranged a buffet supper, which was thoroughly enjoyed.

The committee included S.Q.M.S. Milnes, S-Sgt. Clarke, S-Sgt. Thyme, S-Sgt. Whitehouse, Sgt. Hodgkinson, Sgt. Griffin, Cpl. Blackley, Pte. Bacon and L.-Cpl. Waste (C.W.A.C.). For the first time in the history of the R.C.O.C., the members of the entertainment committee included a member of the C.W.A.C.

Nurses Awarded New Decoration

WASHINGTON, July 7 (AP)—Nine United States Army nurses wearing hurriedly purchased Summer frocks were decorated today for bravery under fire in the Philippines.

Army tradition is inflexible, so the heroines—who left their war-torn uniforms in the battle area—had to take their Royal blue ribbons set in a wreath of gold laurel in high school diploma fashion. The army degrees—no uniforms, no pinning ceremony.

The nurses only recently exchanged overalls, which they wore back to the United States, for the new frocks.

The girls reached New York from Australia Friday and came here to be guests of The Women's National Press Club along with six fellow-nurses at Bataan and Corregidor, cited last week in a service at Red Cross headquarters.

These fifteen are the first American women decorated in this way by the United States, and the first to receive the new decoration ordered by President Roosevelt for outstanding service in defence of the Philippines.

WOMEN'S INSTITUTES LAKE HILL

The monthly meeting of Lake Hill Women's Institute was held on Monday afternoon in the institute room, with the president, Mrs. E. Glover, in the chair. Mrs. G. W. Grant-Wright, lady superintendent of St. John Ambulance, Nursing Division No. 10, Regina, was a visitor at the meeting and gave an interesting talk on her work in organizing civil protection committees in Regina. Mrs. E. Myles, chairman of the first aid room had been in readiness for the recent test and the ladies in charge were congratulated upon their arrangements. Votes of thanks were accorded Mr. A. McGregor for painting the institute room floor, to Mr. J. Findlay for making a set of splints, and to Mr. C. Carpenter for building a cupboard. Members who can assist with the Red Cross jam-making project are asked to get in touch with Mrs. P. Rayment, Full Street, and anyone having fruit for this purpose should send it to the Sunshine Inn. The next regular meeting will be held on September 8.

ESQUIMALT

The Esquimalt Women's Institute will hold its bi-weekly "five hundred" card party tomorrow evening in St. Paul's Parish Hall, at 8:15 o'clock.

French-Canadian Banquet Planned

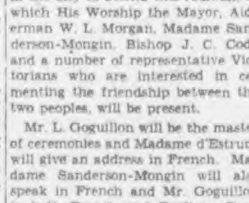

Plans are being made by the French-Canadian Club of Canada for a banquet at Loretto Hall on Sunday at 1 p.m. and the committee in charge is working hard to complete the final arrangements. A cordial invitation is extended to all French-Canadian men and women in the city to attend this reunion, at which Mrs. W. L. Morgan, Madame Sanderson-Mongin, Bishop J. C. Cody and a number of representative Victorians who are interested in cementing the friendship between the two peoples, will be present.

Mr. L. Gogouillon will be the master of ceremonies and Madame d'Estrone will give an address in French. Madame Sanderson-Mongin will also speak in French and Mr. Gogouillon in both French and English. Representatives of the navy, army and air force have been invited.

Reservations may be made by telephoning Loretto Hall, G-4022, and tickets may be obtained on Sunday at the door. A menu which will be characterized by the French cuisine has been prepared, and according to interest already shown the gathering should be an outstanding one.

Dental Assistants Elect President

MISS RUBY DONALD
Who was elected by acclamation as president of the Victoria Dental Assistants Group at the annual meeting held recently.

MISS RUBY DONALD

Who was elected by acclamation as president of the Victoria Dental Assistants Group at the annual meeting held recently.

WASHINGTON, July 7 (AP)—Nine United States Army nurses wearing hurriedly purchased Summer frocks were decorated today for bravery under fire in the Philippines.

Army tradition is inflexible, so the heroines—who left their war-torn uniforms in the battle area—had to take their Royal blue ribbons set in a wreath of gold laurel in high school diploma fashion. The army degrees—no uniforms, no pinning ceremony.

The nurses only recently exchanged overalls, which they wore back to the United States, for the new frocks.

The girls reached New York from Australia Friday and came here to be guests of The Women's National Press Club along with six fellow-nurses at Bataan and Corregidor, cited last week in a service at Red Cross headquarters.

These fifteen are the first American women decorated in this way by the United States, and the first to receive the new decoration ordered by President Roosevelt for outstanding service in defence of the Philippines.

Red Cross Drive Nets \$111,711.98

During the month of June additional subscriptions to the Red Cross campaign totaled \$2,902.83. This brings the grand total of money subscribed by the people of Victoria and district to \$111,711.98. The individual number of subscribers is 16,928, compared with approximately 8,000, the highest number of individuals contributing in any previous similar campaign for the Red Cross in Victoria.

The quota for Victoria and district was set by national headquarters of the Canadian Red Cross Society at \$90,000. It is pointed out by officials of the Victoria city and district branch of the Canadian Red Cross Society that, owing to the unprecedented number of individual subscribers it has been impossible to send out official receipts to all as quickly as had been hoped; however, every effort is being made to have this work completed within the next two weeks.

It is hoped that the public who so generously subscribed will accept this statement, and will not think that they have been overlooked, officials said.

It is also hoped that any who do not receive receipts which are not correct will advise headquarters at 602 Broughton Street in the Hamilton Building at the corner of Broughton and Government, or phone Beacon 3159, as names and addresses are not always correct on the canvassers' cards sent in; and while it has been necessary to check hundreds in directories all names are not listed.

To date, with a very small staff, it has not been possible to remind people of their pledges, and the Red Cross hopes that all those who are able to do so will call or mail same to 602 Broughton Street.

Weddings

THORSEN-JONES

A pretty wedding was solemnized on Saturday evening at All Saints' Church, Westholme, when Joyce Margaret, elder daughter of Mr. and Mrs. H. S. H. Jones, of Westholme, and granddaughter of the late Mr. and Mrs. Frank Burrell, of Victoria, was married to Sergeant Robert Wallace Thorsen, R.C.A., only son of Mr. and Mrs. T. L. Thorsen, of Westminster. Rev. T. L. Hipp officiated, and Mr. Manile of Chemalmus was the organist.

The church was prettily decorated with roses and dianthus, the gift of Mr. F. N. Parker, Mount Sicker Road. The bride was given in marriage by her father and looked charming in a robin's egg-blue gown of triple sheer with fawn felt hat etched in dark brown, and gloves and accessories to match. She wore a gold locket, a family heirloom, and her corsage bouquet was of McGredy orange roses, orange blossom and dianthus. Miss Mary Radcliff, of Chemalmus, was bridesmaid, in a becoming dress of dusty rose silk crepe with blue hat and veil to match. Her corsage bouquet was of pink roses and dianthus. Mr. P. Thorsen, of New Westminster, was best man.

A reception was held after the wedding at the home of the bride's parents, Mount Sicker Road. Mrs. Jones receiving the guests, dressed in a smart fawn costume with brown accessories, assisted by Mrs. Thorsen, the groom's mother, in a navy blue ensemble with white accessories.

The bride's table was covered with a handsome drawn-thread tablecloth and daintily decorated with roses, centered with the wedding cake, which was cut by the bride and groom. The toast to the bride was proposed by Mr. H. M. Patterson, of Crofton, when the groom responded.

The young couple left later for Victoria, where they will make their home for the present.

Out-of-town guests included Mr. and Mrs. F. Thorsen, New Westminster; Mr. and Mrs. J. Hill, Victoria, and Miss Woodland, Cranbrook.

KERR-EMPEY

St. David's United Church, Toronto, was the scene of a quiet wedding on Saturday, June 13, when Miss Mary Ann Empey, R.N., daughter of Mr. and Mrs. J. P. Empey, of Rosetown, Sask., and Victoria, became the bride of Lieut. Ralph L. Kerr, R.C.C.S., of Kingston, Ont. The ceremony was performed by Rev. Dr. Chas. E. Mustard, Lieut. and Mrs. Kerr will reside at 132 Earl Street, Kingston, Ont.

JOHNSON-HAWKE

The marriage took place on Saturday, July 4, at St. Paul's Church, Vancouver, when Mildred, elder daughter of Mr. Leonard Hawke, Fort Alberni, and Mrs. Hawke, Vancouver, became the bride of Pilot Officer Gilbert Currie Johnson, son of Rev. E. W. and Mrs. Johnson, Goodlands, Manitoba. Flight-Lieut. Rev. W. Campbell officiated. Given in marriage by her father, the bride looked lovely in her gown of white chiffon, made with long, full sleeves and a sweetheart neckline, the skirt forming a short train. Her finger-tip length veil with pleated edging was attached to a halo of orange blossoms, and she carried a bouquet of pink roses and white sweet peas with maidenhair fern. The matron of honor, Mrs. H. Marlett, wore a French blue accordion-pleated chiffon dress with a matching picture hat and the bridesmaid, Miss Pat Hawke, sister of the bride, wore

pink chiffon with a hat of the same shade. Both carried bouquets of pink carnations and sweet peas. The best man was Lieut. John Steele Johnson, of the Victoria Rifles. Messrs. Warren McWilliams and Kenneth McKennie were ushers.

Reception and York rooms of the Hotel Georgia, where Mrs. Hawke, wearing a dress of blue chiffon with a black Milan straw hat and a corsage bouquet of pink roses, assisted in receiving the guests. Mrs. Kent, aunt of the groom and Mrs. Cox presided at the refreshment table on which the three-tier wedding cake, surrounded by a miniature silver airplane held the place of honor. The toast to the bride was proposed by Mr. Frank S. Cox. During the reception orchestral music was played by the Misses Marie and Jean and Master Jackie Guy, cousins of the bride. The bridal couple left to spend their honeymoon at Harrison Hot Springs and Vancouver Island, the bride traveling in an air force blue tailored suit with a gold straw model hat and matching chiffon blouse with snake skin accessories. Pilot Officer and Mrs. Johnson will live in Clarendon, Alberta. Out-of-town guests at the wedding were Mrs. L. A. Thomas, Bellingham, Wash.; Mr. and Mrs. Warren McWilliams, Mr. and Mrs. Knowles, Miss Ella Monk and Miss Joyce Finch, all of Victoria.

HODGSON-POLLARD
A quiet wedding was solemnized last Saturday afternoon at the home of Mr. and Mrs. V. C. Jones, 321 Montreal Street, when Rev. H. W. Kerley united in marriage, Elia second daughter of Mrs. W. L. Pollard and the late Mr. Pollard, and Vincent, only son of the late Mr. and Mrs. H. Hodgson. The couple were attended by Mr. and Mrs. V. C. Jones.

GILES-ROBERTSON
At a quiet wedding celebrated by Rev. F. R. G. Drege in Oak Bay United Church at 8 o'clock last evening, Elizabeth Mai, only daughter of Lieut.-Colonel D. Robertson, now serving overseas, and Mrs. Robertson, Cowichan Station, became the bride of Pilot Officer Laurence Edgar Giles, R.C.A.F. elder son of Mr. and Mrs. L. L. Giles, 2230 Hampshire Terrace. Mr. L. Partington played the wedding music, and a profusion of Summer flowers had been arranged in the church. The bride wore her traveling suit of (sweat) with a brown straw hat, brown and white accessories and a corsage bouquet of white roses and heather. Miss Mildred Watkinson, Cowichan Station, was bridesmaid, wearing a tan suit with white accessories and a corsage bouquet of cream roses. The bride's brother, Mr. Ian Robertson, was best man. Following a family reception in Terry's rose room, Pilot Officer and Mrs. Giles left for Yorkton, Sask., where the bridegroom is an instructor with the R.C.A.F. The bride's mother came down for the wedding.

RED CROSS

CHILDREN'S CONTEST

Misses Betty and Jane MacPherson, 1133 Leonard Street, Victoria, have just completed a contest for a Scottie dog, which they conducted by themselves, and turned in the sum of \$7.60 to the Victoria City and District Branch. They had the draw made at Red Cross Headquarters when they brought the money in, and the winner was Mrs. W. Dunkley, 1241 Oxford Street.

Just Received!

Former Woman Clerk Supervises Road Crew

SHIRLEY, Mass., July 7 (AP)—A gentle but energetic woman is the "boss" these days to sixteen members of the Shirley road crew.

Described by associates as "a woman who is not afraid of work," Mrs. Edna E. Burrill, a former clerk of the town highway department, was named acting head of the division when the regular superintendent was granted leave to engage in war work.

Besides directing the road repair work of her crew, Mrs. Burrill finds time to take a graduate course at Fitchburg State Teachers' College.

Chapter Gives Up Tea at Meetings

At yesterday morning's meeting of Gonzales Chapter, I.O.D.E., the members decided unanimously to dispense with tea at their weekly work meetings at the home of Mrs. W. G. Nichol, as a means of doing their share in saving tea. Mrs.

Women's Organizations and Activities

Clubs and Societies

Cathedral Guild

Christ Church Cathedral Women's Guild will hold no business meetings during the months of July and August, but the sewing circle will meet on the second and fourth Friday of each month, so that the next meeting will be held on Friday at 2 p.m. The July shipment of goods included forty-four knitted articles to the Navy League per Major Longstaff, in which were five heavy sweaters, eight pairs of seaboot stockings, twenty-six pairs of socks and other knitted articles. To the Overseas League for bombed-out people of Britain went thirty-six women's garments, twelve men's, seventy children's, four quilts and eight miscellaneous articles such as ditty bags and shopping bags. This brings the total for the first half of the year to 174 knitted comforts to the Navy League and 438 articles to the Overseas League, in which were eighty-two garments for women, sixty-eight for men, 339 for children sixteen quilts and thirty-three miscellaneous. In addition to this eighteen pairs of socks and gloves were supplied to the A.Y.P.A. to include in their parcels to some of their members overseas. The sewing circle also sent parcels to some of the church members on active service in which were included socks totaling fourteen pairs.

W.B.A. Review No. 1

The business meeting of the Women's Benefit Association, Review No. 1, was held on Monday evening in the Sons of England Hall, with the president, Mrs. M. Stephen, in the chair. Financial reports were read for the past month, showing a substantial bank balance. The junior supervisor reported that she had a letter from Inspector Bishop of the A.R.P., thanking the club for its donation of \$20, which had been used to purchase blankets for the A.R.P. ambulance. The Pioneer Club held an afternoon meeting recently at the home of Mrs. G. Winter, and it was reported that there would be no meetings of that group during July and August. Mesdames Brow, Stephen, Thompson, Mallison and Trowdale will have charge of the next meeting on July 20, when a card party will be held. The proceeds of which are to be used to purchase materials for the review's war work.

Zelotes Club

About fifteen members of the Zelotes Club went to the Salvage Barn last evening and worked until 9:30 o'clock sorting boxes, papers and magazines. The girls will repeat their visit in a fortnight's time. Plans have been made for a club party on Saturday evening at the home of one of the members.

Elks W.A.

The Elks W.A. strawberry tea and social evening in aid of the bazaar, which was to be held today at the home of Mrs. Norris, 356 Toronto street, has been cancelled. A strawberry dance will be held instead to-morrow night.

Street, has been cancelled. A strawberry dance will be held instead to-morrow night.

Bible Study Meeting

Mrs. H. J. Binnie will address the women's meeting for Bible study in the Rose Bay Sunday school room (corner of May and Joseph Streets), at 2:30 p.m. tomorrow. All women interested are invited.

Metchoin School to Hold Annual Meeting

The annual Metchoin School meeting will be held in Metchoin Schoolhouse at 7:30 p.m. on Saturday, July 11. New business to come before the ratepayers will include the opening of a second classroom for a junior division with the appointment of a second teacher, and assessment to provide high school fees for the ensuing year in advance to meet new requirements by the Victoria School Board, in addition to the amount owing for the past year's tuition.

At the request of Dr. G. F. Amyot, the Provincial Health Department will present an important matter in connection with the public health nursing service for the school and area represented by the Metchoin School District.

There will be an election to appoint one trustee for a term of three years and an auditor for one year.

I.O.D.E. Activities

ESQUIMALT
Mary Croft Esquimalt Chapter held a special meeting recently at the home of Mrs. C. Bishop, Greenwood Street. The regent, Mrs. MacKenzie Grieve, presided. Mrs. W. Smith gave a splendid report of the Victory Frolic given by the pupils of Wynne Shaw and sponsored by the chapter. The sum of \$100 was voted for the Esquimalt A.R.P. and \$25 to the I.O.D.E. shelter. Mrs. W. Smith and her daughter, Mrs. F. Gray, were presented with gifts in appreciation of their untiring efforts in connection with the Victory Frolic. Mrs. G. Sedger presided at the tea table.

Navy League Chapter

The Navy League Chapter's garden party this afternoon at the home of Mrs. Curtis Sampson, Newport Avenue, will be opened at 3 o'clock by Mrs. L. P. Stevenson, wife of Air Vice-Marshal Stevenson. There will be a number of stalls, fortune telling and bridge. In the event of rain the party will be held in the Crystal Garden ballroom.

All Australians between eighteen and sixty are now eligible for military service or labor corps work.

A group of Girl Guides and one little Brownie (mounted) are shown in the above photograph. On Friday afternoon they will be busy arranging pony rides for the children at the Esquimalt District Girl Guides' Hampshire Road. Many attractions have been planned for the party, including stalls of various sorts, bridge, mah jong and a puppet show. The above group includes, left to right: Betty Horstead, Sheelagh Devenish, Diana Waterman, Phyllis Horstead (mounted), Elsie Patterson, Ada Norman and Mabel Richards. The pony is Little Dickens.

Celebrity Show Nets \$5,277.34 For Air Cadets

At a meeting of the W.A. to the Air Services, held yesterday afternoon at the Y.W.C.A., Mrs. Noel Eaton reported that the objective for Victoria of \$5,000 in connection with the Air League of Canada Drive, through the Air Marshal Bishop Celebrity Parade, had been exceeded and the amount realized here was \$5,277.34, while the total amount raised throughout Canada is in the neighborhood of \$250,000.

Mrs. S. S. Pearce, sewing convenor, reported the progress of the reorganization of the sewing group, which is now working on jackets. Twelve finished articles were turned over to the Red Cross during the month. Mrs. W. Haines reported 300 cigarettes each sent to sixty-six men overseas during the month and letters of appreciation for this work were read from the men. Mrs. Lorrie Campbell, knitting convenor, reported sixty-one articles turned in, and that the next knitting meeting will be held on September 15. Squadron Leader Davis, Western Air Command chaplain, addressed the meeting and told of conditions under which the men carry on at the lonely outlying stations, and asked the co-operation of the auxiliary in regard to supplying comforts, magazines, etc.

Plans were discussed for the "Silver Trail" on August 8.

Sooke Garden to Be Opened Today

The Baseson W.A. of Holy Trinity Church, Sooke, will hold a silver tea this afternoon in the garden of Capt. and Mrs. N. E. Fairweather's home, Baseson. Bridge will be played in the house in the evening, starting at 8 o'clock.

RETURNS TO OTTAWA

Major Joan Kennedy, senior commander of the Canadian Women's Army Corps, left Victoria by plane yesterday afternoon for her headquarters in Ottawa, following a tour of inspection of C.W.A.C. establishments on the Pacific Coast. On Monday, Major Kennedy visited Nanaimo to inspect the C.W.A.C. detachment at that point.

ENGAGEMENTS

LILLEY-DEWAR
Mr. James A. Dewar, Jasmine Avenue, announces the engagement of his youngest daughter, June Margaret, to Mr. George Pictorin Lilley, son of the late Mr. George Lilley of Sidney, V.I. The wedding will take place quietly at the end of July.

DOUGAN-GILROY
Mrs. A. F. Gilroy, Chemainus, B.C., announces the engagement of her daughter, Lurana Frances, to Mr. David Edmond Dougan, son of Mr. and Mrs. A. A. Dougan, Cobble Hill. The wedding will take place on July 25 at Nanaimo.

BOYS RESPOND TO SUMMER SCHEDULE

Camp Thunderbird on Glinz Lake, Y.M.C.A. camp for boys, will open Monday, according to Cameron Gorrle, boy and young men's secretary, who said all is in readiness for the boys to attend. Already eighty applications have been received.

At the Y.M.C.A. in Victoria, the Vacation Club for boys unable to leave the city is meeting with satisfactory response. The programme of games, lectures, swimming, and tours of the city will continue until Friday evening, when parents will be invited to attend the presentation of prizes to winners of competitions held during the club programme.

FRONT OF AXIS IS BENT BACK

Continued from Page 1

are resting and awaiting the arrival of new supplies from across the Mediterranean, the Allied air forces are striking at his ports of entry.

American and British bombers concentrated throughout yesterday in heavy attacks on shipping at Bengali, Libya. Other bombers attacked enemy aircraft on the ground while the dusty desert fighters mostly rested, watching the aircraft and listening to the thunder of artillery.

The effect of the combined bombing was considered favorable to the Allies.

The R.A.F. described the Anglo-American Bengal operation as an "attack in force." The planes reached Bengali just before dusk. They were greeted by a storm of anti-aircraft fire.

A DIRECT HIT
An R.A.F. pilot said that one of the American crews scored a direct hit on a supply ship in the harbor and that several violent explosions followed.

"Clouds of smoke streamed in the air," he said. "Even from our height we could see pieces of ship flying in the air."

However, British authorities said the threat to Alexandria had by no means passed. Axis planes struck overnight at the Nile delta, but the raids were described as small scale.

GERMAN VERSION

BERLIN (From German Broadcasts) July 7 (UPI)—The German High Command claimed today that repeated British tank attacks in the El Alamein battle zone have been repulsed and twenty-seven British tanks destroyed.

The German account was one of purely defensive operations on the land front.

The High Command said British troop concentrations and supplies were dive-bombed and nine British planes shot down.

A German submarine was said to

have attacked a convoy in the Eastern Mediterranean, sinking a 1,500-ton steamer.

Berlin broadcasts quoted unofficial sources as saying German fighter-bombers dropped explosives on an airport south of Alexandria and on the harbor of Suez yesterday.

MUST ONLY BUY WHAT IS NEEDED

Mrs. M. E. Foulds, Tells Horticultural Society of Methods of Canning and Preserving

"Do not go about buying your vegetables for canning and preserving in a haphazard manner. Just buy enough and no more," Mrs. M. A. Foulds, B.C. Electric demonstration, told a meeting of the Victoria Horticultural Society last night in the City Hall.

Mrs. Foulds dealt fully with the canning and jarring of fruits and vegetables and answered many questions from members of the audience.

She also reminded the meeting that the Government has requested everyone to preserve eggs this year. The speaker gave a full explanation of how to do this.

W. H. Warren, president of the Victoria Horticultural Society, presented trophies to winners in the least rose show staged in the Crystal Garden.

A discussion took place on the prospect of staging a flower show this fall in view of the fact that there will be no annual exhibition this year. The matter is still in an indeterminate stage, according to Mr. Warren.

BISHOP NELLIGAN'S VISIT

EDINBURGH (UPI)—Rev. L. Nelligan, of Pembroke, Ont., head Roman Catholic chaplain in the Canadian Army Overseas, visiting the Polish forces in Scotland was welcomed by the commanding officer, attended mass and was guest-of-honor at a reception in the Edinburgh Polish Club.

To Attend Birthday Party

MRS. AMELIA J. McCONNELL
Friends of Mrs. McConnell are invited. She is the oldest member of Centennial United Church, Nova Scotia, and has lived in Victoria for sixty years. She is now living in the Aged Women's Home.

Nova Scotia Women Help Queen's Fund

The Imperial Order Daughters of the Empire of Nova Scotia, which, like all other branches of this organization throughout Canada, has a large scale war effort of its own, has given continuous support to the Queen's Canadian Fund since its inception fifteen months ago. Approximately \$9,000 has been raised.

Last year a resolution was passed by the I.O.D.E. endorsing the Queen's Fund as the agency through which money collected by the I.O.D.E. would be sent directly and intact to the United Kingdom for the assistance of civilian victims of enemy attack.

To date the Queen's Fund has received a total of \$7,783 through the Provincial Chapter of the I.O.D.E. in Nova Scotia. In addition, many chapters have made contributions directly to the fund, amounting to a further sum of over \$1,000.

Of the total remitted through the Provincial Chapters, \$1,290 represents the proceeds of the sale of the I.O.D.E. patriotic lapel pin. The merchandising, retailing and promotion of the pin is handled entirely by the members of the I.O.D.E. These pins sell for \$1.50 each, the entire profits going to the Queen's Canadian Fund.

Complimentary pins have been presented to Her Majesty the Queen and Her Royal Highness the Princess Alice. These pins have been sold not only in Nova Scotia, but in many parts of Canada, the United States and as far abroad as Scotland.

While the I.O.D.E. members are principally in the towns and cities of Nova Scotia, women of the countryside support the Queen's Fund through the Women's Institutes in Nova Scotia. The Women's Institutes have also adopted the Queen's Fund as a special objective in their war effort and very large numbers of donations have been made by individual Institutes.

SHIPYARD WORKER MUST STAY ON JOB

Continued from Page 1

ment plans for seven-day operation of the yards.

Subsequently the union men agreed to a thirty-day trial of the new system, while a Labor Department study of their alternative six-day week plan was in progress.

Whether the delegates saw the order in council which was tabled today was not determined.

ON MINISTER'S ORDER
After they returned to the Coast an amending order was passed providing that "These regulations shall come into effect on a date to be prescribed by the Minister of Labor."

In effect, the order in council means that any shipyard worker who refused to abide by the seven-day week proposal, under which shifts are staggered so that no man works more than six days in seven, would be guilty of an offence against the order.

Presumably the order would be applied if the Government, at the end of the thirty-day trial period, decided on going ahead with the seven-day operating plan without approval of the union or adoption of an alternative scheme.

The order provides that any British Columbia shipyard worker must organize the work of his plant so that it is carried on "continuously by three shifts in each day of twenty-four hours."

The first shift in each day works a total of forty-eight hours a week and is paid for fifty hours; the second shift works forty-six hours and is paid for fifty-four; and the third shift works forty-three and is paid for fifty-four.

ONE DAY OF REST

"Each employee shall work in one shift during six days in each calendar week and shall be entitled to one full day of twenty-four consecutive hours of rest in each such week," the order provided.

The employer is to assign his employees to the various shifts having regard "only to the most efficient method of organizing the work performed by his employees in such shifts."

The Labor Minister is authorized to appoint a committee to "investigate and determine" any dispute between employer and employee in respect of "any alleged discrimination in the assignment by the employer of such employees."

A determination of a majority of the members of the committee, including the chairman, shall be a determination of the committee," says the order.

The determination of any such dispute by any such committee shall be final and conclusive and shall be given effect by the employer and employee or employees concerned.

Employers who fail to organize their work in continuous shifts as provided by the regulations or fail to give effect to a determination of a committee are guilty of an offence and liable on summary conviction to a fine of not less than \$100 or more than \$1,000, to implement for not more than three months or to both.

Employees are liable to fines of not less than \$50, to imprisonment of not less than three months, or both, in each case if it will be a defence to prove the person charged was prevented from following the regulations "by causes beyond his control."

OFFICIAL SURPRISED

VANCOUVER, July 7 (UPI)—Lawrence Anderson, secretary of the Joint Shipyard Trade Conference, which claims to represent most of British Columbia's 30,000 shipyard workers, said tonight announcement of preparation of an order in council making it unlawful for shipyard workers to quit or refuse to work in British Columbia yards, "comes as a complete surprise."

He said: "We had assurance from the minister (Labor Minister Mitchell) on our recent trip to Ottawa, that this order in council would be waived on the understanding that all unions would give the Government's seven-day plan a trial for thirty days and pending the Government's study of the conference's counter-proposals for a shipyard work plan."

"It seems rather odd that this matter is being made public at this time if the Government did not have some purpose in making it public," he said, "and it's hard to see what purpose they might have in mind."

FROM EUROPE DAY BY DAY

Continued from Page 1

heads from boring too deeply into its positions and thus surrounding Red armies. If Marshal Timoshenko succeeds in this he wins the first phase of the battle. If he makes, as he appears to be doing, successful withdrawal to evade envelopment he will have the great advantage of preserving his armies for future attack. Also the Nazis would have to fight a similar battle all over again.

During the week-end the Russians tried landing troops from rubber boats on Lake Ladoga's eastern shores behind the Svir-front. Finns say the attempt failed.

More than 300 people of the town of Chernigov, including women and children, were murdered by the Nazis for refusing to go to Germany for compulsory labor.

Praising China's wonderful resistance during five years of war, just completed, The Times says Japan has tortured a people who are far beyond her in culture, and has dismembered, desecrated and desecrated an honored land. Up to the end of last year China had lost 6,000,000 killed and wounded—a frightful price.

Now China has shown herself unconquerable and her ultimate victory is sure.

Japan's strategy is now becoming clearer. It is to smash China's resistance as soon as possible. But far away in the southwest Pacific the Allied forces are marshalling and the day will come when more than air raids will be made possible. Such operations must be a complement to direct material help now enroute to China.

The Times gives much praise to Chiang Kai-shek's leadership. His forces are now holding fast in China, 600,000 Japanese troops otherwise available for use elsewhere. China's need of bombers, however, is urgent.

Belgian resistance to German rule is analyzed in The Times, which explains that at present they are waiting until the time comes to co-operate more vigorously with the Allies. Belgium is starving because the Nazis have looted the country, and the United Nations must see if

they can alleviate distress without at the same time aiding the Nazis.

Dealing with aerial aid to the 8th Army in Egypt The Times says nothing like such formidable air power has ever been accorded British forces before. British fighters shoot Axis machines out of the sky, destroying whole squadrons at one time.

PRISONERS ESCAPE

KINGSTON, Ont. July 7 (UPI)—Three prisoners escaped today from Kingston penitentiary. They were believed to have got away in the back of a truck which had been unloading supplies at the penitentiary. Their names were given as Ralph Cheney, twenty-five, serving a two-and-a-half-year term; Harold Dumode, twenty, serving an eight-year term; and Kenneth Churchman, twenty-three, serving nine years.

BUTTON'S NEW JOB

LONDON (UPI)—Lt. Gen. T. J. Butlin, general officer commanding the British forces in Burma at the time of the Japanese attack, has been appointed a colonial commandant, Royal Artillery. He is fifty-two and former chief of general staff in India.

Ask Bob Hope about Percy, the penguin, and he'll probably explode! Percy, Bob's roller-skating partner in Paramount's hilarious comedy hit, "My Favorite Blonde," opening today at the Atlas Theatre, has established himself in this one picture as Hollywood's champion scene stealer, a distinction formerly held by Hope himself. And, as anybody who knows film folk might guess, Bob's fit to be tied.

Madeline Carroll, Hope's co-star, and others in the cast, don't share Bob's desire to take Percy to the nearest taxidermist. During the filming, under Director Sidney Lanfield, they got a big kick out of the ubiquitous bird's few extra fish by way of reward.

In the picture, Percy perambulates in and out of the scenes, catching the eye every time by his antics and comic pomposity.

"I don't mind playing second fiddle to Madeline," Hope explained, "but the idea of being a stooge for a penguin is a little too much."

PRIORITIES HIT
A MYSTERY FILM

Van Hefflin and Virginia Grey Have
Leading Roles in "Grand Central
Murder" at Capitol

While railroads and trains often have played important parts in movies, "Grand Central Murder," opening today at the Capitol Theatre, may be one of the last pictures involving them for some time, at least during the "duration."

That was the forecast arising from difficulties encountered in securing railroad equipment for the mystery film. Scenes in the Grand Central Terminal ran into trouble when it was learned that all equipment was in constant use.

Biggest problem centred around the attempt to get a locomotive. An application for one was approved by the Southern Pacific two weeks in advance, but suddenly was canceled at the last moment when no engine was available.

After considerable delay, the studio managed to obtain a locomotive for one night. Van Hefflin, Virginia Grey and Patricia Dane worked past midnight in order to finish their scenes with the engine, so that it could be returned to the railroad yard by morning.

Three streamlined passenger cars were another headache, and were secured for a brief period only after a long delay.

OAK BAY AND WESLEY RUGGLES, Columbia producer-director, believes that Paul Harvey, veteran character actor, brings him good luck. Ruggles has cast Harvey in important roles in all his pictures for the past six years and has again signed him to play the role of Henry Fonda's attorney in the comedy, "You Belong to Me," which also stars Barbara Stanwyck, at the Plaza and Oak Bay Theatres.

RIO When 20th Century-Fox signed Glenn Miller and his orchestra for the top featured role in "Sun Valley Serenade," which stars Sonja Henie and John Payne, and which ends today at the Rio Theatre, studio officials felt they had the makings of the biggest musical picture of the year. Glenn and his boys were given every opportunity to show their "stuff." They were signed for two full months and every minute of that time was used to good advantage.

YORK Among the "big motion picture" scenes of "Sixty Glorious Years," ending today at the York Theatre, are the opening of the Crystal Palace, first of all world's fairs; the Highland Games at Balmoral, Crimean War episodes including the thrilling charge of the Light Brigade, Disraeli's coup which gave England the

title of "Empress of the Seas." The film, which stars Sonja Henie and John Payne, and which ends today at the Rio Theatre, studio officials felt they had the makings of the biggest musical picture of the year. Glenn and his boys were given every opportunity to show their "stuff." They were signed for two full months and every minute of that time was used to good advantage.

AMUSEMENTS

Atlas—"My Favorite Blonde," starring Bob Hope.

Capitol—"Major Bowes" "All-Star Revue of 1942."

Oak Bay and Plaza—"You Belong to Me," starring Barbara Stanwyck and Henry Fonda.

Rio—"Co-starring Sonja Henie, John Payne and Glen Miller's Band in "Sun Valley Serenade."

York—"Sixty Glorious Years," starring Anna Neagle.

Suez Canal, the death of General Gordon in the Sudan, and the last days of Victoria at Osborne.

CADET The most spectacular musical extravaganza of the season, Columbia's "You'll Never Get Rich," ends its sensational run at the Cadet Theatre today. Nimbly-footed Fred Astaire and her partner, the beautiful, talented Rita Hayworth are co-starring. Supporting players include Robert Benchley, John Hubbard, Osa Massen, Friends Inescort, Guinn "Big Boy" Donnelly, MacFadden, Cole Porter penned the tunes, and Sidney Lanfield directed the army camp comedy.

DOMINION "Dr. Broadway," at the Dominion Theatre, is a comedy-melodrama starring MacDonal Carey and Jean Phillips. Carey is a physician who knows the Great White Way thoroughly and Miss Phillips is his receptionist. A man he had sent to prison and who is now dying, asks Carey to locate a daughter and give her a fortune, but others think they have claims on the fortune and it takes all of the doctor's friends to block the fortune-seekers. The cast includes MacDonal Carey, Jean Phillips, J. Carroll Nash, Joan Woodbury and Warren Hyman.

STAGE REVUE BOOKED TWO DAYS AT CAPITOL

The pick of the winners from Major Bowes' recent radio broadcast has been formed into an excellent stage show, touring the principal theatres under the heading the 1942 All-Star Revue.

This talented company of artists has met with sensational success all over the country and opens at the Capitol Theatre today. Included in the troupe are the Harmonica Bees, acclaimed wizards of the harmonica; Hank James, a sensational tap dancer; the Three Hearts, who appear in novelty dance routines.

Other members of the company present roller skating specialties, song and comedy novelties and impersonations of stage and screen stars.

Wesley Ruggles, Columbia producer-director, believes that Paul Harvey, veteran character actor, brings him good luck. Ruggles has cast Harvey in important roles in all his pictures for the past six years and has again signed him to play the role of Henry Fonda's attorney in the comedy, "You Belong to Me," which also stars Barbara Stanwyck, at the Plaza and Oak Bay Theatres.

BOARD LEARNS
OF BROADCASTS

Radio Committee of House
Told of Programmes on
National System

OTTAWA, July 7 (CP).—Jean-Charles Harvey, editor of Le Jour, told the committee of the House of Commons today that the Canadian Broadcasting Corporation war programmes, today said before the House of Commons Radio Committee that some C.B.C. broadcasters had "put Vichy on a pedestal."

In other broadcasts, Russia had been compared with Germany in seeking world domination, he said.

Mr. Harvey told the committee he had studied Canada's wartime radio programmes carefully and considered they displayed "an apparent incompetency in dealing with ideas and propaganda" and a failure to "sell the war and democracy" to the people of Canada, and particularly Quebec.

"Some broadcasting seems to be done by people who seem to lack real faith in democracy and freedom," he added.

ROY BROADCASTS

Dr. Philippe Roy, who was heard on programmes from Quebec, was quoted by Mr. Harvey as writing in a newspaper article that it was better to lose the war if victory cannot be attained without the Communist regime.

Mr. Harvey said he had heard Dr. Roy express similar sentiments in a broadcast, although he could not quote to the committee from an actual script.

He read and translated part of a script given July 9, 1941, by Eustache Leclercq de St. Just, of Montreal, and quoted him as saying that Germany and Russia both sought world domination.

"Some broadcasters have tried to put the Vichy Government on a pedestal," he said, without naming the broadcasters to whom he referred.

Mr. Harvey said he regarded the late Louis Francoeur as the most capable broadcaster Canada had ever had and although he had been critical of his work during his lifetime he had not expressed any criticism since Mr. Francoeur's death.

WAS PRO-FASCIST

In answer to requests by M. J. Coldwell, C.C.F. House Leader, Mr. Harvey read extracts from some of Mr. Francoeur's scripts. He said they displayed pro-Fascist leaning which Mr. Francoeur was known to have before he entered broadcasting.

He complimented the C.B.C. on the work of Jean Louis Gaspar, another French language commentator.

Dealing with short wave broadcasts, Mr. Harvey said some Axis stations were heard more clearly in some parts of Quebec than Montreal or New York stations. He said he doubted whether Canada could provide programmes which would compete successfully with those of the Axis countries and suggested deliberate interference might be better used.

There were in Quebec some regular listeners to Axis short wave programmes, he said, and "fifth columnists" gained some of their propaganda material from these programmes.

The committee today presented to the House of Commons an interim report urging that the Government establish at once a high-powered short wave broadcasting system.

What Today Means

"CANCER"

If July 8 is your birthday, the best hours for you on this date are from 9:45 to 11:45 a.m. from 1:45 to 3:45 p.m. and from 7:45 to 9:45 p.m. The danger periods are from 7:45 to 9:45 a.m., from 3:45 to 7:45 p.m. and from 9:45 to 11:45 p.m.

Only through concentrating on the work that they have to do will the average person get satisfactory results on this date. Avoid listening to a veritable barrage of discordant sounds if you wish to keep from becoming nervous and irritable. One of the most far-reaching influences on your equilibrium will be unmelodious vibratory air waves, so radio owners should exercise discrimination in the selection of programmes and use common sense in regulating the volume of their radios. This July 8 will be a most auspicious day for those celebrating it as the anniversary of their birth. Married and engaged couples, and victims of Cupid's darts, had better remember on this date that "whoso digresseth a pit shall fall therein," especially if they do so through the prompting of an unreasonable amount of jealousy.

If a woman and July 8 is your birthday, a strong will may cause you to be accused of being headstrong and stubborn. While you may invariably come out best in any argument, it is very advisable for you to avoid engaging in them. Guard against being overly sensitive if you would avoid suffering from imaginary wrongs. As a teacher, milliner, modiste, interior decorator, specialist shop or restaurant manager, singer, musician, actress, librarian, personal director, trained nurse, or dietician, you should be most successful. Auspicious conditions appear to surround your marital affairs.

The child born on July 8 usually develops into a straightforward, truthful youngster, who generally can be depended on doing the right thing. Children born on this date seldom harbor grudges, and, as a rule, are noticeably free of petty faults. Instinctively sociable, Cancer's youngsters are apt to be very popular and often become widely known through their social activities.

If a man and July 8 is your natal

ODDMENTS
ON SALE THIS MORNING

FOR CLEARANCE

MEN'S OXFORDS

Per Pair.....3.98

Shoes in brown or black smooth calfskin, with round, medium or receding toes and combination fitting lasts. Single or double soles. A real bargain.

Glancing Over Sport

By JOE DELAMONT

REMEMBER WHEN

Johnny Weismuller, then the greatest swimmer in the world, and a flock of other noted aquatic stars competed here in an exhibition meet at the Crystal Garden. Johnny is now one of the most popular actors in Hollywood and he just swims for the exercise and pleasure these days.

Football teams representing Victoria West and North Ward districts met in some hectic clashes about thirty years ago on Central, Beacon Hill and Oak Bay Parks? There was no love lost between those two eleven once the whistle went. Fights, arguments took place in nearly every game, while the fans on the sidelines were more than rabid, men and women, and they squared off, too, if they couldn't win out by their verbal bluffs.

The day the late Harry Meek, a catcher in the old Northwestern Baseball League, caught hold of a pitch and planted it down in Central Park somewhere? Old-time fans still talk about that mighty feat for it was one of the longest "clutch" drives ever to sail over the wire netting which was strung along the Pembroke Street fence in those days.

They held "Moose" Johnson tight at the old Willows Ice Arena and the game ended in a stalemate during the early hours of Saturday morning? Lynn and Muzz Patrick, just strapping kids then, were dressed in Victoria uniforms and made a presentation to the veteran battered-up local rover.

The J.B.A.A. clubhouse in the Inner Harbor was a bee of activity practically every night in the week. You could find athletes in every branch of sport in the building either working out or in a corner in serious conversation.

Half a dozen or more fights were thrown in for the spectators who watched the late city lacrosse games between Victoria, Vancouver and New Westminster.

ODDS AND ENDS

Just for the information of Victorians who so closely follow the Seattle Rainiers here's the latest batting averages of the lads: Lawrence, .333; Matheson, .301; Harris, .299; Gyselman, .285; Torgeson, .289; White, .271; King, .266; Stuckie, .245; Collins, .241; Beard, .241; Niemce, .240. By the way, Lawrence has only been to bat a dozen times and that's why he is placed on the top rung of the ladder.

Tommy Green, coach of the Army ball club, made a boast to me a few weeks ago that the troops were ready to roll over all opposition in the race for the local pennant. So far he has taken the opposing teams in his stride and now has the boys all keyed up for their game with the league-leading shipbuilders on Friday evening at the Caledonia Avenue playground. The Army is on a "victory march," so Mr. and Mrs. Baseball Plan you should be sitting in at a dilly of an argument when they take the field against the Harney-Steele gang.

Jim Squire, the eighteen-year-old holder of the city senior and junior golf championships, had his hands full last Sunday in the inter-club match between Gorge Vale and Oak Bay on the latter layout. The match ended in a square, and both the titleholder and his opponent, Ernie Brachet, shot the eighteen holes in 74. The Vale shotmaker was three up at the twelfth, but the long driving Squire caught up to Ernie on the sixteenth and they halved the last two holes to end all square.

I see where Canada is going to call up another 25,000 for the army next month. Well, that will mean that about 80 per cent of the Dominion's best professional and amateur hockey players will be wearing khaki before the fast-wintering summer months fall off the calendar.

The National League was supposed to have the pitchers and the American League the hitters. As it turned out, the American circuit not only displayed both the best pitching and hitting, but also the best fielding.

FROM HERE AND THERE

Bobby Feller's home-coming to Cleveland turned out to be a sad party, one which didn't last very long for the former fireballer of the American League. The kid sensation of the majors until he enlisted in the United States navy was badly treated by the all-stars in last night's fixture, as he was pounded hard and sent to the showers in favor of Johnny Rigney in the second frame. Well, a pitcher of Feller's calibre cannot expect to be himself when he only works on the mound three days about every fortnight.

Although not yet definite, Muzz Patrick, now in the United States army, may be home for a short stay this summer.

Hospital Squad To Tackle Navy Softball Line-Up

THE undefeated Equinault

A primary hospital squad of nine of the Inter-Service League have been secured by Secretary Ed Whyte to provide the opposition for the strong Navy squad tomorrow evening at the Royal Athletic Park, at 8:45 o'clock. It was planned to stage a third game between the 30th Ack-Acks and the sailors, but officials were notified yesterday that the Ontario regiment has left the city. Last night the blue-jackets were given a bad scare by the Barons in a regular City League fixture at the local enclosure but managed to win a 6-5 decision after a hard-fought game. Stebbings went the distance for the Navy and had one bad inning, the third, when the former Longshoremen's team got to him for four runs. However, the sailors came back with two runs in the fifth and four more in the eighth when Pitcher Harper hit a wild streak and walked three men in a row. McCorkill took over then but the winners pushed four runners on six hits.

Score by innings:
Navy..... 050 020 040-4
Barons..... 004 001 000-5
Batteries: Stebbings and Barker, Harper, McCorkill and Harper.

on leave. It used to be a yearly pastime when the hockey season was finished to chat with the former big-time ice star and have a few rounds of golf with him at Colwood, so it would be good to see him again. Do you know the real world's record high jump mark? It's not the six-foot eleven which is in the books (these days, but a tremendous leap of eight feet two and a half inches made by a native down in Central Africa back during the month of May in 1907. His name is mentioned in no record book nor in any sports column. No one even knows his name. But there can be no doubt that the jump was made. There is a record of its date and place, reliable witnesses were present, and there is even a picture of the native at the height of his leap. In the Spring of 1907 the Duke Adolf Friedrich von Mecklenburg was leading an expedition into the wilds of Central Africa. Upon arriving at Nianzsa the explorers received a royal reception. Numerous celebrations were held in honor of the white men, including sports meets. For the high jump two sailings were skillfully planted into the earth and a rope strung across. The bare-footed Watusi kept on jumping until he easily surpassed the world's record at the time of six feet three inches. When the rope was elevated to eight feet two and a half inches the native cleared it with ease, and I have the picture on desk to prove it was done.

Ray Robinson to Face Cochrane in Fight for Crown

NEW YORK, July 7 (AP).—Promoter Mike Jacobs today announced a ten-round non-title fight between Middleweight Champion Freddy (Red) Cochrane and his No. 1 challenger, undefeated Ray Robinson, on September 10 in Madison Square Garden for the benefit of the United Service Organizations. Cochrane is Boston's mate in the navy, stationed at San Diego, Calif.

The bout will start off a series in which navy, marine and coast guard battlers will do their stuff for the United Service Organizations. Jacobs explained that the series will go through the Fall and Winter season, will be held in New York, Chicago and various other cities, and that the service boxes will appear "with the co-operation of the Navy Department" for the benefit of the United Service Organizations.

OAK BAY IN GOLF VICTORY

Beats Gorge Vale Shotmakers in Inter-Club Match. By 13 1/2 to 2 1/2

Playing on their home course, Victoria Golf Club posted an easy victory over the visiting shotmakers from Gorge Vale over the week-end by a 13 1/2 to 2 1/2 score. The home-stayers captured the singles 5 1/2 to 2 1/2 and then blanked their opponents in the fourball matches. The second half of the match will be held later in the year at the Gorge layout.

In the day's feature battle in the singles, Jim Squire, young city golf champion, was held on even terms by Ernie Brachet, the stocky "lead-off" man for the Vale. It was an interesting match, Brachet being three up on the titleholder going to the thirteenth hole, but the youngster came back strong and squared the argument on the sixteenth green. They halved the last two holes and the match. Both shot the course in 74. Gordie Petticrew partnered Brachet in the fourballs against Squire and Walter Newcombe and the Gorge combination lost out on the final green, one up.

Results, with the Vale players first mentioned, follow:

SINGLES
Brachet 5, Squire 1; Petticrew 1, Newcombe 0; Derman 0, Bill Newcombe 1; Basanta 0, Rutherford 1; Davies 0, Horsman 1; Thompson 0, McInven 1; Caddell 1, Musgrave 0; Robertson 0, Watson 1.

FOURBOLLS
Brachet and Petticrew 0, Squire and Newcombe 2; Derman and Basanta 0, Bill Newcombe and Rutherford 2; Davies and Thompson 0, Horsman and McInven 2; Caddell and Robertson 0, Musgrave and Watson 2.

V.A.S.C. SCHEDULE

At a recent meeting of the executive of the Victoria Amateur Swimming Club the following schedule was adopted for Tuesdays at the Crystal Garden: 9:30 to 10:30 a.m. juniors; 10:30 to 11:30, women's classes; 11:30 to 12 o'clock, diving lessons; instructors will be Mrs. J. McNeill and Mrs. R. Hibberd; 7:30 to 9 p.m. senior members, under Miss M. Tupman.

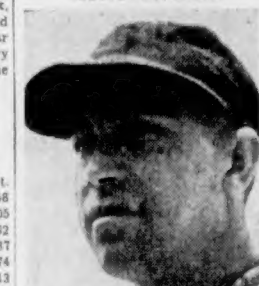

WILF FIELD ENLISTS

WINNIPEG, July 7 (CP).—Wilf Field, twenty-seven, defenseman for Brooklyn Americans in the National Hockey League for the past four seasons, enlisted here yesterday as a student-pilot in the Royal Canadian Air Force.

Will Play Tonight for The Flyers

"MOOSE" SAVARIAT

PERCY SWITCH

WHEN the Flyers from Patricia Bay stack up against Pitzer & Nex in a senior baseball game this evening at Royal Athletic Park the two players pictured above will be much in the limelight. "Moose" Savariat (top) is the hard-hitting first asser of the R.C.A.P. nine, while Percy Switch (below) covers the "hot corner" and takes a turn on the mound. Both the Gaardens and the Flyers are in need of a victory to improve their standing in the race. Bert Nex, boss of the Pitzer & Nex ballplayers, will send Tommy Musgrave, his star right-hander to the mound this evening and will look after the home plate chores himself. Sergeant Frank Julian, manager of the Flyers, has not announced his battery, but he will probably start Ronnie Kerrigan, with Davis performing behind home plate. Game time is 6:30 o'clock.

Oaks Whip Jokers In Boxla Fixture

Second-Half Scoring Orgy After Injury to Goalie Bill Andrews Brings Oaklanders Through to 33-13 Victory—McGaghey Is Top Scorer—Three Games Billed Tomorrow

LEAGUE STANDING				
	P	W	L	D
James Bay	11	8	3	0
United Services	10	5	3	2
Oaklands	10	5	4	1
Jokers	11	3	7	1
Douglas Tire	10	3	7	0

LAST NIGHT'S RESULTS				
Oaklands 23, Jokers 13 (senior)				
Oaklands 13, Aces 9 (juvenile "B")				
Fletcher's Men's Shop 14, V.M.D. 7 (midlet)				

TOMORROW'S GAMES				
6:00—James Bay vs. Senators (midlet)				
7:00—James Bay vs. Young Jokers (juvenile "A")				
8:30—United Services vs. Douglas Tire (senior)				

Capable of giving the fast-traveling and smooth-functioning Oaklands stockholders some kind of competition in the first two periods and until such times as Bill Andrews, their regular goalie, retired with an injured knee. Jokers took a 33-13 shellacking at the hands of the Oaks in last night's senior boxla feature at the Victoria Sports Centre.

The black-sweatered stickmen, managed by Jimmy Smith, should be "tagged" the hard luck club of the senior circuit. Andrews, on the sidelines for three games, came back to guard the jets and was doing a good job, and his clubmates were certainly glad to see him back. He got up nicely for the first two periods, and with the score 14-8 against them, the Jokers were showing plenty of fight. And then the misfortune happened, Bill Andrews was injured again and had to leave the game.

GOALIE INJURED

Ironically enough, the mishap happened the last time when Jokers were playing the Oaks, and with "Duffer" McGaghey, the same player, being in the mix-up. This time McGaghey appeared to be pushed into the goal crease by a Joker player just as he was about to shoot, and both him and Goalie Andrews went to the boards.

With their regular net custodian out of the game for the remainder of the evening, the Jokers were easy prey for the speedy red-sweatered Oaks, and goals came thick and fast. The eventual winners fired home nineteen goals, nine in the third canto and the remainder in the final stanza. Every player on the Oaklands line-up hit the scoring column.

"Duffer" McGaghey topped the scoring with seven goals, while Don Douglas, one of the Jokers' most consistently good performers, paced their goal-getters with five tallies. Jimmy Taylor, Oaklands goalie, was knocked out a few seconds after the injury to Bill Andrews, in the opposite net, when he was hit on the windpipe by a fast shot, the ball

running up his chest protector. He was soon back in harness and none the worse for his unusual mishap. Clarence Uttke took over for Goalie Bill Andrews, and was a very busy man. Oaklands fired twenty-eight shots at him during his stay between the pipes and he made nine saves.

Oaklands turned back Aces, 13-9, in the juvenile "B" fixture; and in the curtain-raiser Fletcher's Men's shop registered their initial triumph when they defeated V.M.D., 16-7.

TODAY'S CRICKET

Royal Air Force and Spencers will clash this afternoon on the Beacon Hill Park pitch, in the mid-week cricket match at 2:30. The departmental eleven will have the following on the field: Oakman, Nixon, Baker, Peitch, Fletcher, Gardiner, Deane, Freeman, Hurn, Dymant, Avenil, Gibbs and E. Deane-Freeman.

Northwestern Win

Pushing over the winning run in the first of the ninth, Northwestern Creamery Monday night defeated K.V.A. 4-1 in a "C" Section softball game played at Central Park. Score by innings:
Northwestern..... 100 000 211-5
K.V.A..... 000 010 120-4
Batteries: McBay and Speller; Crockett and Anderson.

AMERICAN LEAGUERS SHUT OUT SERVICES

Big Leaguers Register 5-0 Win Over Combined Army and Navy Baseballers Before Crowd of 62,049 at Cleveland—Feller Is Driven From Mound in Second Inning

By JUDSON BAILEY
Associated Press Sports Writer
CLEVELAND, July 7 (AP).—The American League's mighty All-Stars refused to be awed even by the Army and Navy tonight and smothered the baseball stars of the two services, 5-0, before a crowd of 62,049.

While this big assemblage was gathering, hundreds of soldiers, sailors and marines provided a military show probably without precedent. It lasted for more than an hour as the bands played and the men marched and rode around the field in trucks and big tanks.

It was impressive, but the Army and Navy baseball team, directed by Lieut. Gordon (Mickey) Cochran, was not so potent as the mechanized battalion that preceded it on the field. Cochran's outfit absorbed a thrashing more thorough than the American Leaguers gave the National League on Monday night in the annual major league all-star contest at New York.

The major leaguers got four hits and three runs off Cleveland's own Bobby Feller in the first two innings and forced his removal before he could retire a man in the second.

Johnny Rigney, recently of the Chicago White Sox, but now serving at the Great Lakes Naval Training Station, succeeded in checking the American Leaguers in the middle inning, but this was simply temporary.

HARRIS HIT HARD

When Mickey Harris, former Red Sox southpaw, who came here from his army post at the Canal Zone, went to the mound in the seventh chapter he was promptly patted for a double and two triples to account for the American League's last two runs.

In contrast, three present major league hurlers held the servicemen to six hits, getting into difficulty just twice during the tussle.

Jim Bagby, Feller's former teammate with the Indians, was Manager Joe McCarthy's selection to open for the American League and he received credit for the victory, although he was the shakiest of the trio of moundmen.

With one out in the first inning Bagby loaded the bases on a walk to Benny McCoy, a single by Don Padgett and a walk to Cecil Travis, who was the second leading hitter in the American League last year, but he fanned Joe Grace and made Johnny Sturm ground out. In the next two innings he gave up a single to Ernie Andrews, former Louisville star, and a double to Travis without damage.

The American League's first blast against Feller came with one out in the opening frame. Tom Henrich singled, Ted Williams waited out a walk and then Joe DiMaggio, after receiving a mixed chorus of boos and cheers, cracked a hot single on the ground into centre to score Henrich and send Williams to third. Rudy York, who had knocked a two-run homer into the Polo Grounds' right field stands in the first inning last night, hit a great arching fly to Grace in deep right and Williams hurried home after the catch.

Feller, who looked gaunt and ten pounds under his weight before he enlisted in the navy, quipped out of the jam by getting Bobby Doerr to pop foul to Andrews.

But his respite was brief because Ken Keltner, another of his teammates when Bobby was with Cleveland, boomed the first pitch in the second inning over Pat Mullins' head in deep centre for a triple and Warren (Buddy) Rosar, the Yankee catcher, singled to left.

At this point Lieut. Cochran came out of the dugout to flag in a new battery for the service men. Rigney going to the mound and Frank Pytlak behind the bat. They quickly put out the fire with a double play — fanning Bagby and catching Rosar off first on a snap throw by Pytlak who was with the Indians before going to the Red Sox.

Rigney held the American Leaguers to three hits in five innings and never was bothered. When Steve Spencer, who had replaced Henrich, singled in the fifth he was erased in a double play, and before Keltner and Rosar stitched together successive singles in the sixth, Rigney had slated the crowd by fanning York and Doerr in order.

The calm ended when Harris came on duty. Phil Rizzuto, the little Yankee scotter who had relieved Cleveland's Lou Boudreau in the third inning, doubted to right, and when Pytlak tried to catch him off second, he stole third. Then with one out Williams lifted a ligh fly behind Padgett in left field for a triple, and with two-out George McQuinn, of the St. Louis Browns, also tripled to score Williams.

Harris finished the inning, but John Grodzicki, who was with the St. Louis Cardinals before entering

HUDSON GOES IN

After Bagby had stepped out of his three-inning chore, his place was taken by Sid Hudson, of the Washington Senators, who worked four innings and allowed no hits (all the seventh when Sturm and Andrews hit consecutive singles. However, Pytlak struck out and Johnny Lucadello, formerly an infielder for the Browns and now in the navy, grounded into a double play while batting for Rigney.

The only other service star hit was a fluke double by Emmett Mueller, a converted Phil, in the eighth, after Tex Hughson, of Boston, took charge. Mueller raised an easy fly into right centre and DiMaggio and Spencer, after coming over within a few yards of each other, let the ball drop between them.

READY TO START SABOTEUR TRIAL

WASHINGTON, July 7 (AP).—Final arrangements for the military trial of the eight U-boat saboteurs were made today in secrecy behind boarded-up corridors in the Justice Department's big building.

By presidential proclamation the proceedings, which may lead to the execution of a firing squad, must begin tomorrow "or as soon thereafter as is practicable." So deep was the secrecy in which both Justice and War Department officials shrouded the affair that spokesmen declined to say definitely at what hour the trial would start.

VANCOUVER—MURMANSK

The sailing distance from Vancouver by the northern route to the Russian port of Murmansk and Archangel is 6,000 miles.

Williams Leading Gordon in Close Race for Honors

Boston Red Sox Slugger Just Single Point Ahead of Yankee Shortstop With 347 Mark Points

Reiser and Joe Medwick Are Leaders in National League Baseball Circuit

CHICAGO, July 7 (AP).—By less than one percentage point, Ted Williams, the 1941 American League batting champion, today took over the lead in this year's war race.

The Boston Red Sox outfielder hit an even 500 pace last week to rise twenty-one points. This coincided with an eighteen-point drop by Joe Gordon, of the Yankees, and enabled Williams to move in front with a mark of 347 to Gordon's 346.

Thus, last year's slugger led the league's top ten for the first time this year.

Besides Williams' phenomenal gain, young Vernon Stephens, of St. Louis Browns, climbed from the sub-300 ranks to 314, good enough for seventh place. But the rest of the top hitters either recorded slight gains or lost ground. Cleveland Indians' Les Fleming was among the latter, dropping sixteen points to 332. Last week Fleming was in second place. Now he's fifth.

After Williams and Gordon came Boston's Bobby Doerr at 340; John Pesky, of the Red Sox, 336; Fleming, 332; Bill Dickey, New York, 315; Stephens, 314; Stan Spence, Washington, 313; and Lou Boudreau, Cleveland Indians' manager, 304. Besides holding down the batting

lead, Williams continued to set the pace in runs batted in with eighty, in home runs with eighteen, and in runs scored with seventy-two.

Hank Borowy, of the Yankees, suffered his first hurling setback last week, but continued to lead the pitchers with six wins and one loss. Next were Spud Chandler, of the Yankees, with nine and two, and Ernie Bonham, of the Yanks, with nine and three.

NATIONAL LEAGUE

NEW YORK, July 7 (AP).—Pete Reiser and Joe Medwick, whose rivalry for the National League batting honors brings joy to the hearts of rabid Brooklyn fans, now are well in front of the pack.

While the two Dodger drummers fattened their averages during the past week, their chief opponents, Ernie Lombardi, of Boston, and Stan Musial, of St. Louis, fell off the pace.

Reiser, who won the crown last year as a freshman, now boasts an aggregate of 361, a gain of fourteen points during the week. Medwick also climbed fourteen points, boosting his average to 344. Meanwhile Lombardi skidded from 325 to 315 and Musial fell from 330 to 311.

Trailing them on the list of leading regulars were Ray Lamanno, Cincinnati, 307; Johnny Mize, New York, 301; Dixie Walker, Brooklyn, 298; Mickey Owen, Brooklyn, 291; Max Marshall, Cincinnati, 290; and Bill Nicholson, Chicago, 287.

Mize leads in the home run division with fourteen and in runs batted in with sixty-three. The Giant first baseman is second to Reiser and Medwick in the number of runs with fifty-three, to fifty-four for the two leaders.

Larry French, Brooklyn southpaw, remains undefeated and shows the way to the league's hurlers with nine consecutive triumphs. His teammate, Whitlow Wyatt, has eight wins and two losses, while Ray Starr, thirty-six-year-old Cincinnati rookie, has compiled an average of two wins and one loss, and two triumphs against only three setbacks.

Baseball Nines Split Twin Bill

Royal Canadian Navy senior baseball team visited Nanaimo over the week-end and played a twin bill with the U-Islanders. In the afternoon game the home team defeated the Esquimalt bluejackets, 4-1, but in the nightcap the Navy evened matters by registering a 3-2 victory.

Stan Davies pitched for the sailors in the first game, and Ernie Woodward worked on the mound in the evening contest.

Ninety-eight per cent of the population of Australia is of English, Scotch, Welsh and Irish stock.

CASTILLOUX TITLEHOLDER

Canadian Boxing Federation Still Recognizes Montreal Boy as Champion

MONTREAL, July 7 (AP).—Frank Hogan, president of the Canadian Boxing Federation, said here today that the federation had been considered for the past fifteen years as a governing body of boxing in Canada by the National Boxing Association.

Yesterday, Frank Heller, of Edmonton, secretary of the Western Boxing and Wrestling Federation, said the Canadian Boxing Federation had jurisdiction only in Eastern Canada, and that the Western body had sanctioned Saturday's fight between Al Lust and Maxie Berger in Calgary as a championship affair for the welterweight crown.

Dave Castiloux, of Montreal, a member of the Royal Canadian Air Force, is recognized as titleholder by the Canadian Boxing Federation.

Hogan said today that Castiloux was still champion, quelling a rule passed by the Canadian Boxing Federation that any champion who entered the armed forces would be allowed to retain his title as long as he did not leave the country as he was in a position to defend the title.

Castiloux's manager, Raoul Godbout, today said that his fighter had no intention of relinquishing the title, and said he was ready to meet any opponent. He added that Dave is scheduled to take part in a Royal Canadian Air Force benefit show here in September.

Heller had suggested the question could be settled with the holding of a Lust-Castiloux championship bout, but in the meantime the Western body would regard Lust as the titleholder.

COAST BASEBALL

Fires Emphasize A.R.P. Necessity

The fire at Anyox and other recent grave developments in the Coast area have added emphasis that cannot be ignored to the A.R.P.'s appeal for recruits. Hon. A. Wells Gray, Minister of Lands, said here yesterday.

"In most of the outlying communities," the minister continued, "the towns and villages are built in the midst of the forests, making forest fires a great hazard to the settlements as to the woods. A forest fire burning out of control might wipe out towns unfortunate enough to be in its path, while fires starting among the houses could quickly spread to the adjacent forests. To cope with possible fire situations, both normal and those resulting from enemy action, the British Columbia Forest Service and the A.R.P. are aware that their aims are identical, have arranged a programme of complete co-operation."

"The A.R.P. will, of course, continue to be responsible for incendiary

town fires, while the Forest Service will concern itself primarily with forest fires, but at the same time each will come to the other's assistance whenever possible."

"As Minister of Lands, I join the officials of the A.R.P. in an appeal to every available citizen to join the organization in their community. The safety of cities, towns and forests might well depend on the assistance of a well organized, alert civilian populace."

The latter was congratulated recently by Inspector Moodie for the display of A.R.P. work at Macdonald Park on July 2, at which many branches of the service gave a public exhibition of their duties.

He was a stout man, and his feet were large in proportion. He wore stout boots, too, with broad, scabbled soles. When he came into the shop to buy another pair, he had some difficulty in getting what he wanted.

A dozen pairs were shown to him. "No, no! Square toes—I must have square toes," he insisted.

"But, sir," replied the shop assistant, "everybody is wearing shoes with pointed toes. They are fashionable this season."

"Well," said the stout man, gravely, as he prepared to leave the shop, "I'm sorry to have troubled you. But you see, I'm still wearing my last season's feet."

As I am anxious that such material

be stored in your area for use in case of emergency. Adequate storage space will be provided. Inspector Bishop said.

Supply of Lime To Be Available For Gas Attack

According to Inspector S. F. M. Moodie, of the Provincial Civilian Protection Committee, five tons of chloride of lime will be shipped here in the near future, to be used for decontamination of gassed areas.

"Would you please advise me as soon as you have arranged suitable storage accommodation," he said in a letter to Inspector A. H. Bishop.

As I am anxious that such material

Fight Bush Fire At Prospect Lake

Members of the Spanish Fire Department were engaged in fighting a big bush fire yesterday afternoon at Prospect Lake. The outbreak occurred at 12:15 and it was several hours before the firemen returned to headquarters. The fire took place on Estelina Road and nearly one-half an acre of brush and grass was burned before the blaze was brought under control.

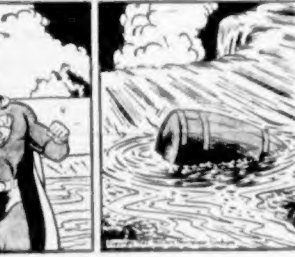

CHOSEN CANDIDATE

EDMONTON, July 7 (AP).—Elmer Roper, editor and publisher of The People's Weekly official organ of the Co-operative Commonwealth Federation in Alberta, was chosen candidate for the Alberta Farmer-Labor Party (C.C.F.) at a nominating convention here tonight. W. H. Miller, a second nominee, stepped down to make the decision unanimous.

Jerry Muskrat's Secret Door

By THORNTON W. BURGESS

Jerry Muskrat's new house was growing. Yes, indeed, it certainly was growing. With so many helpers to cut and trim and shape and build, Jerry was kept busy building. It was no time at all before the walls of Jerry Muskrat's new house showed above the water, and then they grew higher and higher.

Jerry Muskrat worked and worked and worked with might and main. You see no one could help him actually build the new house, because no one but himself knew just how it should be built. He put the willow and alder shoots just so. He placed rushes and grass just where they were needed, and then he kept them in place with mud.

"That's a queer-looking house," said Sammy Jay. "It looks to me like nothing but a pile of old rubbish."

"Just you wait," replied Jerry Muskrat, as he climbed up to place more bulrushes on the roof.

So Sammy Jay waited, for there was nothing else to do, and the house grew and grew and grew. By and by the roof was on, and Jerry Muskrat sat on top of it to rest and eat his supper of fresh water clams, which he brought up from the bottom of the Smiling Pool. Sammy Jay cocked his head on one side.

"Pooh!" said Sammy Jay. "That's no kind of a house! It hasn't any door."

Jerry Muskrat just grinned and said nothing. He was too busy opening a clam for thought. Sammy Jay began to laugh.

"What are you laughing at?" asked his cousin, Blacky the Crow.

"I am laughing at Jerry Muskrat. He's built a new house, and it hasn't any door. Ha, ha, ha!" replied Sammy Jay.

Blacky the Crow flew close down to Jerry Muskrat's new house and looked it all over; that is, he looked at all that he could see. Sure enough, he could find no door. Then Blacky the Crow began to laugh, too, and flew over on the Green Meadows to tell the little meadow people about the great joke on Jerry Muskrat—how he had built a house without any door.

But Jerry didn't seem to mind not the leastest, weeniest bit. When he had finished his last fresh water

Jerry Muskrat didn't seem to mind

clam Jerry washed his face and combed his hair. His eyes twinkled as he shouted to Sammy Jay:

Some folks believe just what they see. And think that nothing else can be. But some folks don't know all they might—

My door is hidden out of sight!

Splash! Jerry Muskrat had dived into the Smiling Pool. Two minutes later he was making his bed of soft grass in the upper room of his new house.

Victorian Is Reported Missing at Singapore

Bombardier Arthur M. Rycroft, well-known Victoria boy who worked his way to England to join the Royal Artillery and served with his unit in Egypt, Libya and Singapore, is now reported as missing, according to word received from the War Office by his father, Major J. G. Rycroft.

R.C.A. War Post Barracks. Bdr. Rycroft left Victoria eight years ago at the age of twenty to enlist in England. He was educated at Lamington and Boys' Central Schools. At the age of fifteen he joined the 2nd Anti-Aircraft Battery attached to the 5th (B.C.) Coast Brigade and served as a gunner until his promotion to bombardier.

WAS SENT TO EGYPT
In England he served for six months at Woolwich and was then sent to Egypt with an anti-aircraft battery. After service on the Libyan border he was sent to Singapore where he served with an anti-aircraft searchlight and was promoted to bombardier. He was born in Southsea, England.

Major Rycroft is among a number of Victorians who have received word through the War Organization of the British Red Cross Society and Order of St. John of Jerusalem, that prisoners of the Japanese in Malaya are correctly treated.

It was at the request of H. S. Hamill, manager of a local shipbuilding firm, that the Chamber of Commerce undertook to discuss the need of accommodation for shipbuilders in the James Bay district with Mayor McGavin and Aldermen Archie Wills and W. Lloyd Morgan.

According to Mr. Hamill, lack of housing was causing shipbuilders to leave their jobs, and was thus impeding expansion of his firm's activities.

THE LATE P.O. W. H. ISMAY
TWENTY-FOUR-YEAR-OLD native son of Victoria, reported missing after air operations overseas two weeks ago, who has now been reported killed in action, according to the only son of Mr. and Mrs. H. A. Ismay, Ash Road, and he attended Margaret Jenkins School and Mount Douglas High School. Joining the army just after war broke out, he served a year with an anti-aircraft battery before being transferred to the R.C.A.P. in October, 1940. On obtaining his wings in August last year, he was posted for duty overseas.

Four Fined—Four motorists were each fined \$2.50 yesterday in the city police court for various infractions of parking regulations.

Men Missing—Immigration officials reported to police yesterday that Thomas Nelson, thirty-three, British, and Hugh O'Brien, thirty-five, Irish, were missing from a merchant ship.

Coupons Stolen—G. Reynolds' 801 Government Stamp, reported to police yesterday that a gasoline ration coupon booklet bearing the number 15-885 had been stolen from his car.

Is Remanded—A motorist pleaded not guilty yesterday in the city police court to a charge of driving in a manner dangerous to the public along Quadra Street on June 28 and was remanded until Friday for trial.

For Intoxication—A man who admitted being intoxicated along Johnson Street on Monday was fined \$25 yesterday in the city police court. In default of payment he was ordered to serve three days in jail.

Higher Court—Lloyd E. Badger, represented by Allan Baker, elected for trial by a higher court yesterday on a charge of stealing an automobile from Winifred M. Pearce on July 3. He was remanded in the city police court until this morning for a hearing.

No Plea—Kenneth Bellanger and Paul Gagner were charged yesterday in the city police court with smashing a plate glass window over the value of \$20 on premises of Andrew Sheret, Ltd., 1114 Blanshard Street, on Monday. They were remanded until this morning without plea or election.

Trial Opens—Trial of David Patterson on a charge of making use of grossly insulting language outside 1219 Langley Street on June 14 opened before Magistrate Henry G. Hall in the city police court yesterday and will be resumed Friday.

Witnesses heard yesterday were Edward Floyer, Eve Floyer and William Brugh. Stuart Henderson, who appeared for the accused, charged that a copy of an amendment to Public Morals By-Law under which the charge was laid had not been certified by County Clerk Claude L. Harrison, city prosecutor, stated he would produce a certified copy.

Not Guilty—Walter J. Wilcox was found not guilty yesterday in the city police court on a charge of stealing a C. & C. taxi from Richard Lowe on June 29. Wilcox stated he had been drinking and two other men offered him a lift in the car which he did not know was stolen. Constable William Elliott and Ray Maitland described the stolen machine to 804 Hillside Avenue where the accused and two other unidentified men drove through a fence and abandoned the taxi. The officers stated three warning shots failed to halt the speeding machine, and at Douglas and Bay Streets a beer bottle was thrown directly in front of their car.

Speed Fines for Municipalities
It was announced yesterday by Attorney-General R. L. Maitland, K.C., that municipalities in which motorists exceed the Dominion Government's forty-mile-an-hour speed limit will reap the fines imposed.

The Provincial Treasurer, under the Ontario law, has the right to appropriate the fines. The British Columbia Cabinet, however, accepted a proposal by Mr. Maitland in which he suggested the fines go into the municipal treasuries.

"I feel this is in keeping with the way our other fines are handled and the Provincial Government doesn't in any way wish to take advantage of the new fines," Mr. Maitland said.

A.R.P. Activities
District Branch 8—The next regular meeting will be held tonight at 8 o'clock in St. Michael's Parish Hall, Royal Oak. Dr. J. L. Gayton will be the speaker and it is requested that all A.R.P. personnel attend, including stretcher-bearers.

Relieves Distress From Monthly FEMALE WEAKNESS

Thousands of women who suffer distress of irregularities, nervous tired, blue, weak feelings—have obtained most gratifying relief by taking Lydia E. Pinkham's Vegetable Compound.

Pinkham's Compound not only relieves such distress, it also helps build up resistance against B. WORTH TRYING! Made in Canada.

NEGOTIATE FOR WARTIME HOMES

Chamber President Authorized to Continue Discussion Of Project With Mayor

A delegation from the Victoria Chamber of Commerce met with Mayor Archie Wills yesterday afternoon, to continue discussion of the problem of wartime housing for shipbuilders in the James Bay area. No comment was made by the mayor in attendance following the conference.

At a meeting of the board of directors of the Victoria Chamber of Commerce, held earlier in the afternoon, it was unanimously resolved that the president, J. V. Johnson, carry on negotiations with Mayor McGavin and members of the City Council, with a view to having construction on the project started immediately.

Regarding the housing project, it was stated at the chamber meeting by Mr. Johnson that under the present conditions every effort should be made to aid the war, and that any such scheme as the one under consideration could not be expected to meet with unanimous approval. Representatives of the Real Estate Board, shipbuilding industry, and manufacturers doing war work attended the meeting.

It was at the request of H. S. Hamill, manager of a local shipbuilding firm, that the Chamber of Commerce undertook to discuss the need of accommodation for shipbuilders in the James Bay district with Mayor McGavin and Aldermen Archie Wills and W. Lloyd Morgan.

According to Mr. Hamill, lack of housing was causing shipbuilders to leave their jobs, and was thus impeding expansion of his firm's activities.

THEORY PUPILS ARE SUCCESSFUL
Victoria Candidates Will Receive Certificates From Toronto Conservatory of Music

The following is a list of successful candidates in the theory examinations held recently by the Toronto Conservatory of Music in Victoria Centre. The names are arranged in order of merit: Theory—Grade V, harmony, history, form, honors, Doris A. Macdonald; history, pass, Margaret E. Shute; Grade IV, counterpoint, first class honors, Doris A. Macdonald; Grade III, harmony, history, form, honors, Doris A. Macdonald; Vincent Paine; history, first class honors, Mary Hummel; honors, Janet Rochester, Pamela Terry; pass, Freda M. Nattaras, Mabel E. Merritt; Grade II, first class honors, Nancy Falk, Joan Gonsman, Marilyn Bisset, Joyce Conder (equal), Dorothy Jackson, Doreen A. Olson, Audrey V. Patterson; honors, Marion M. Baynton, Grade I, first class honors, Frances M. Western, Eric Tippet and Frances Smith.

DISCUSS PENSION ALLOWANCES MADE
Discussion of certain pensioners' allowances took place at a meeting of the Victoria Age Pensioners' Association, held yesterday, when correspondence, concerning suspension and reduction of some pensioners' allowances was reviewed. Suggestions were made with a view to changing certain conditions now prevailing under the present Old Age Pensions Act.

Plans were made for a picnic to be held August 4 in Beacon Hill Park, and details will be settled later. It was also arranged that ladies of the association will hold a picnic in Beacon Hill Park on July 21.

Several new members were enrolled at the meeting at which Mrs. E. Arnold, president, was chairman.

MRS. EMILY A. GRAVES IS TAKEN BY DEATH
The death occurred at her home, 772 Cloverdale Avenue, yesterday, of Mrs. Emily Agnes Graves, widow of Charles G. Graves, aged seventy-two years. She was born in Liverpool, England, and had been a resident of this city for the past thirty years.

She is survived by four sons, Clifford J., at the family residence; William G., Reginald G. and Percy F. Graves, of this city; three daughters, Mrs. J. Aspinwall, Mrs. H. Birnie and Mrs. S. C. Hawkins; also fifteen grandchildren, all of Victoria.

The remains are resting at Sands Mortuary, Ltd., Chapel and funeral announcements will be made later.

Rehabilitation Plans Discussed at Meeting
The City School Board's rehabilitation committee discussed Monday night at a special meeting school needs which may be filled through a rehabilitation programme.

The committee, composed of Trustees P. G. Mulliner, board chairman; Mrs. A. S. Christie and J. S. McMillan, asked H. L. Campbell, municipal inspector, T. L. Christie, board secretary, Donald Cameron, building and grounds superintendent, and D. K. Kennedy, city building inspector, to issue a report on sound proposals which might be undertaken.

This report would cover such items as a new Central Junior High School and possibly new buildings to replace North Ward, South Park and other out-moded buildings.

WAR FINANCE HEAD IS TO VISIT VICTORIA
OTTAWA, July 7 (CP).—G. W. Spence, chairman of the National War Finance Committee, was en route West today for a speaking and organization tour in connection with promotion of voluntary savings. He will visit Vancouver and Victoria.

Mr. Spence undertook the trip at the request of committee representatives in the Western Provinces who are making plans for an intensive drive for sale of War Savings Stamps and Certificates.

He will be in Victoria next Monday and Vancouver next Tuesday and Wednesday.

Victoria Flyer Killed In Action

THE LATE P.O. W. H. ISMAY

TWENTY-FOUR-YEAR-OLD native son of Victoria, reported missing after air operations overseas two weeks ago, who has now been reported killed in action, according to the only son of Mr. and Mrs. H. A. Ismay, Ash Road, and he attended Margaret Jenkins School and Mount Douglas High School. Joining the army just after war broke out, he served a year with an anti-aircraft battery before being transferred to the R.C.A.P. in October, 1940. On obtaining his wings in August last year, he was posted for duty overseas.

Announcing a New SHEET MUSIC SERVICE

In the present day parlance of Military Initials this might well be termed S.M.H.Q. and recently we have taken steps to make this more so than ever. Whatever your fancy dictates—Music, Grave or Gay, Classical or Modern, you'll find EVERYTHING at Fletcher's. And you'll find, too, pianists who will be glad to "Try It Over" to your heart's content.

City & District

Close Library—During July and August, the Victoria Public Library will close at 1 p.m. each Wednesday.

Building Permit—E. J. Smith secured a \$500 city building permit yesterday to carry out alterations to a house at 935 Cowichan Street.

Four Fined—Four motorists were each fined \$2.50 yesterday in the city police court for various infractions of parking regulations.

Men Missing—Immigration officials reported to police yesterday that Thomas Nelson, thirty-three, British, and Hugh O'Brien, thirty-five, Irish, were missing from a merchant ship.

Coupons Stolen—G. Reynolds' 801 Government Stamp, reported to police yesterday that a gasoline ration coupon booklet bearing the number 15-885 had been stolen from his car.

Is Remanded—A motorist pleaded not guilty yesterday in the city police court to a charge of driving in a manner dangerous to the public along Quadra Street on June 28 and was remanded until Friday for trial.

For Intoxication—A man who admitted being intoxicated along Johnson Street on Monday was fined \$25 yesterday in the city police court. In default of payment he was ordered to serve three days in jail.

Higher Court—Lloyd E. Badger, represented by Allan Baker, elected for trial by a higher court yesterday on a charge of stealing an automobile from Winifred M. Pearce on July 3. He was remanded in the city police court until this morning for a hearing.

No Plea—Kenneth Bellanger and Paul Gagner were charged yesterday in the city police court with smashing a plate glass window over the value of \$20 on premises of Andrew Sheret, Ltd., 1114 Blanshard Street, on Monday. They were remanded until this morning without plea or election.

Trial Opens—Trial of David Patterson on a charge of making use of grossly insulting language outside 1219 Langley Street on June 14 opened before Magistrate Henry G. Hall in the city police court yesterday and will be resumed Friday.

Witnesses heard yesterday were Edward Floyer, Eve Floyer and William Brugh. Stuart Henderson, who appeared for the accused, charged that a copy of an amendment to Public Morals By-Law under which the charge was laid had not been certified by County Clerk Claude L. Harrison, city prosecutor, stated he would produce a certified copy.

Not Guilty—Walter J. Wilcox was found not guilty yesterday in the city police court on a charge of stealing a C. & C. taxi from Richard Lowe on June 29. Wilcox stated he had been drinking and two other men offered him a lift in the car which he did not know was stolen. Constable William Elliott and Ray Maitland described the stolen machine to 804 Hillside Avenue where the accused and two other unidentified men drove through a fence and abandoned the taxi. The officers stated three warning shots failed to halt the speeding machine, and at Douglas and Bay Streets a beer bottle was thrown directly in front of their car.

Speed Fines for Municipalities
It was announced yesterday by Attorney-General R. L. Maitland, K.C., that municipalities in which motorists exceed the Dominion Government's forty-mile-an-hour speed limit will reap the fines imposed.

The Provincial Treasurer, under the Ontario law, has the right to appropriate the fines. The British Columbia Cabinet, however, accepted a proposal by Mr. Maitland in which he suggested the fines go into the municipal treasuries.

"I feel this is in keeping with the way our other fines are handled and the Provincial Government doesn't in any way wish to take advantage of the new fines," Mr. Maitland said.

A.R.P. Activities
District Branch 8—The next regular meeting will be held tonight at 8 o'clock in St. Michael's Parish Hall, Royal Oak. Dr. J. L. Gayton will be the speaker and it is requested that all A.R.P. personnel attend, including stretcher-bearers.

Announcements
Shannon Beach Hotel, near Victoria. Trains and buses daily information and reservations. Victoria office, 718 View Street, G 4834.

Oak Bay Seafront. The Old Charming Inn. Comfortable rooms and suites. Delightful meals. G 2627.

Harbour Court (Booker), R.R. 2, Vic. 20 mi. Exclusive de luxe cottage resort.

Roller Skate at the Pacific Rollers. 754 Yates, next to Public Library. Phone B 1225.

Free—New Colonist Tabloid Cook Book. Circulation Department. The Colonist.

Free—War Maps Tabloid. Colonist Circulation Dept.

Cut-Rate Picture Framing—A. E. Taylor & Co., 828 Fort.

Relieves Distress From Monthly FEMALE WEAKNESS

Thousands of women who suffer distress of irregularities, nervous tired, blue, weak feelings—have obtained most gratifying relief by taking Lydia E. Pinkham's Vegetable Compound.

Pinkham's Compound not only relieves such distress, it also helps build up resistance against B. WORTH TRYING! Made in Canada.

PRIVILEGE AND PLEASURE

Close Library—During July and August, the Victoria Public Library will close at 1 p.m. each Wednesday.

Building Permit—E. J. Smith secured a \$500 city building permit yesterday to carry out alterations to a house at 935 Cowichan Street.

Four Fined—Four motorists were each fined \$2.50 yesterday in the city police court for various infractions of parking regulations.

Men Missing—Immigration officials reported to police yesterday that Thomas Nelson, thirty-three, British, and Hugh O'Brien, thirty-five, Irish, were missing from a merchant ship.

Coupons Stolen—G. Reynolds' 801 Government Stamp, reported to police yesterday that a gasoline ration coupon booklet bearing the number 15-885 had been stolen from his car.

Is Remanded—A motorist pleaded not guilty yesterday in the city police court to a charge of driving in a manner dangerous to the public along Quadra Street on June 28 and was remanded until Friday for trial.

For Intoxication—A man who admitted being intoxicated along Johnson Street on Monday was fined \$25 yesterday in the city police court. In default of payment he was ordered to serve three days in jail.

Higher Court—Lloyd E. Badger, represented by Allan Baker, elected for trial by a higher court yesterday on a charge of stealing an automobile from Winifred M. Pearce on July 3. He was remanded in the city police court until this morning for a hearing.

No Plea—Kenneth Bellanger and Paul Gagner were charged yesterday in the city police court with smashing a plate glass window over the value of \$20 on premises of Andrew Sheret, Ltd., 1114 Blanshard Street, on Monday. They were remanded until this morning without plea or election.

Trial Opens—Trial of David Patterson on a charge of making use of grossly insulting language outside 1219 Langley Street on June 14 opened before Magistrate Henry G. Hall in the city police court yesterday and will be resumed Friday.

Business and Professional Directory, Want Ads

The Daily Colonist

RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS

Two cents a word each insertion, including a word a week, with minimum of ten words each insertion. No advertisement accepted for less than twenty-five words.

Death and Funeral Notices, \$1.50 first insertion, \$1.00 per insertion thereafter.

Birth Notices, \$1.00 per insertion.

Advertisements which desire may be placed in a box at the Colonist and forwarded to the advertiser's address. A charge of ten cents is made for mailing notice. In this case, the advertiser's name is not printed on the notice.

Out-of-town readers who desire to place an advertisement in the Colonist, may do so by enclosing a check for the amount of the advertisement, with the Colonist, and the advertisement will be placed in the paper.

Any claim to rebate on account of error or omission must be made within thirty days from the date of the same, otherwise claim will not be considered.

The Colonist will not be responsible for more than one insertion of any advertisement ordered for more than one issue.

The Colonist is available every day from 8 a.m. to 3 p.m., excepting Sunday and public holidays.

To have classified advertisements reach the Colonist before 8 a.m. on the day previous to publication.

Classified Ads for The Sunday Colonist will be accepted up to 5 p.m. on Saturday.

Leaders Retreat To Some Degree On Wall Street

NEW YORK, July 7 (AP).—The stock market ran into light selling obstacles today and leaders retreated fractions to a point.

The cloudy war news from Russia, apparently more than offset cheerful tidings from Egypt as a speculative and investment factor and this, plus the fact that the last day enjoyed three successive rallying sessions, inspired a little profit cashing here and there.

Some comfort, however, was derived from the lack of any real selling pressure at any time. Volume dwindled appreciably in declining periods compared with recent expansion in dealings when the direction was upward. Transfers totaled 332,440 shares against 420,210 Monday.

The Associated Press average of 363 stocks was off 2 1/2 points at 161. This barometer was up 3 yesterday.

DOW JONES' AVERAGES

Dow Jones' averages closed as follows:

Thirty Industrials, 103.76, off .34.
Twenty rails, 25.32, off .02.
Fifteen utilities, 11.81, up .01.
Total sales, 332,000 shares.

WHAT'S DOING ON THE LOCAL RETAIL PRODUCE MARKET

Oranges, lemons and grapes arrived yesterday, with the price of oranges down and lemons up. It was reported on wholesale row. The future of the grape supply, which has been short, is uncertain. A few local cherries are now appearing on the row to supplement the daily arrivals of Okanagan.
